Glendale Community College
February, 2008

COURSE OUTLINE

**Aviation and Transportation 138**
**Introduction to Flight Attendant Training**

## I. Catalog Statement

Aviation and Transportation 138 introduces students to the Federal Aviation Regulations (FARs) that ensure the safety and comfort of passengers and crewmembers. Students learn to explain all FARs to passengers and identify strategies for reducing potential emergencies.

Units – 3.0
Lecture Hours – 3.0

Recommended Preparation: Eligibility for English 120 or ESL 151.

Note: AT 138 and 151 combined: maximum credit, 3 units.

## II. Course Entry Expectations

Skill Level Ranges: Reading 5; Writing 5; Listening1/ Speaking 5; Math 1.

## III. Course Exit Standards

Upon successful completion of the required coursework, the student will be able to:
1. identify and list aircraft security FARs;
2. explain FARs as they apply to crew conduct;
3. identify and demonstrate aircraft safety equipment;
4. identify crew requirements and verbally recite corresponding FARs;
5. demonstrate protective position for emergency evacuation;
6. prepare for evacuation;
7. explain the responsibilities of passengers in an emergency to access and operate exits.
