#### **Annual Goals**

The following goals reflect the college's vision of developing financial efficiency while supporting student success and educational excellence.

- Evaluate the policy of repeatability for credit courses and how students get priority registration. (EMP 1.3.1.e.6)
- 2. Scheduling will respond to data (EMP 1.3.1.e.7), including a review of room ownership (EMP 3.4.1.b.8).
- Action Step 4.2.1. Develop a framework for defining programs in terms of how they meet GCCD's primary, secondary, and tertiary missions. This stratification provides the relative value of programs and services to GCCD's mission. (EMP-2010-245)
- 4. Streamline the transition from Non Credit to credit (EMP 3.4.3.a)
- 5. The college will continue its work in competing for grants and pursue additional business partnerships that will provide additional funding. (SS-2010-162)

# Integrated Planning, Program Review, and Resource Allocation

College resource allocation, which includes fiscal as well as human resources, is based on annual planning and program review. The flowchart below describes the annual cycle. The Educational Master Plan is at the top; planning and program review refer to the goals of the EMP.

The track on the left is called Plan Review and it requires college plans to be evaluated. Resource requests required to implement the plans are submitted based on plan reviews.

The track on the right is Program Review and it requires instructional, student services, and administrative programs to be evaluated. Programs request resources for improvement that are tied to data, outcomes, and plan goals.

All resource requests are prioritized through the governance system: personnel requests are prioritized by the three Hiring Allocation Committees (IHAC, SSHAC, and CHAC) while non-personnel requests are prioritized by Academic Affairs, Student Affairs, Administrative Affairs, and the Campuswide Computer Coordinating Committee. After prioritization, resource requests go to the Budget Committee for the final recommendation regarding funding.

Information about funded resource requests is available on the following web page, updated at the end of every planning/program review/resource allocation cycle:
