The GCC Police Department is initiating a **<u>voluntary</u>** Vehicle Registration program for college employees.

By participating in this program your registered vehicles will be added to our parking permit database. One of the benefits of this program is that if you park in your assigned lot and forget to display your permit you will not receive a citation. Please remember that this program will not exempt you from displaying your permit. The information you provide will also be used to update our records with your correct employee information so we can contact you if your vehicle needs to be moved, is involved in an accident or any other emergency.

If you would like to participate in this program please complete the form below and return it to the GCC Police Department.
