

Vision

Glendale Community College is the Greater Los Angeles Region's premier learning community where all students achieve their informed educational goals through outstanding instructional and student services, a comprehensive community college curriculum, and educational opportunities found in few community colleges.

Glendale Community College Institutional Planning Coordination Committee Agenda

**April 20, 2015
12:15 pm
AD 121**

Call to Order

Announcements

Approval of Minutes

1. March 9, 2015 IPCC Minutes

Old Business

2. **Accreditation Gap Analysis: Progress Reports**
The gap analysis is a tool for identifying gaps between current processes and the accreditation standards. This regular item on the IPCC agenda refers to discussion of progress on addressing the gaps.
3. **Strengthening Link Between SLO/PLO/ILO Assessment and Planning**
One part of integrated planning that could be improved at GCC is the link between assessment and planning. IPCC should discuss this and recommend a process to strengthen the link.

New Business

4. **Administrative Regulation 3250 (Institutional Planning)**
The current AR 3250 references a Matriculation Plan and a Noncredit Matriculation Plan. The term "Matriculation" should be changed to "Student Success and Support Program."
5. **Institutional Effectiveness Goals**
The Chancellor's Office of the California Community Colleges is requiring colleges to set institutional effectiveness goals in several areas. The first goals are due June 15.
6. **Shared Understanding of College Strengths and Weaknesses**
Standard I.B.8 says "The institution broadly communicates the results of all of its assessment and evaluation activities so that the institution has a shared understanding of its strengths and weaknesses and sets appropriate priorities." It would benefit the college to develop a process for communicating assessment/evaluation results and working on a shared understanding of strengths and weaknesses. Communicating strengths could also inform marketing efforts.

IPCC Mission Statement

The IPCC models and monitors continuous quality improvement to ensure institutional effectiveness. The committee oversees college planning and program review; assesses the effectiveness of planning; makes recommendations for sustained continuous quality improvement; develops strategies to promote college-wide dialogue, discussion, and participation in the integrated planning process; and identifies trends and common needs that reveal institutional and student needs. These objectives are achieved by the strategic use of institutional data (including program review), accreditation standards, federal and state regulations, and community input as guiding principles for assessing institutional effectiveness.
