

Message from the Superintendent/President

I was privileged to begin serving Glendale Community College on July first of this year as its Superintendent/President. I am excited about this professional opportunity because of the great reputation that GCC has achieved in the local community, region, and statewide. The governing board, faculty, administrators, and staff members who join me in service to the college and community have stellar reputations. Together we will continue our focus on assuring that the students who come to GCC will achieve their informed educational goals.

“Student success” is more than a slogan to us. It is our purpose and the wide array of instructional programs and student support services we offer show our intent. The recent state report card on student success shows Glendale Community College is tops among the community colleges in the region for students achieving their degrees, certificates, and/or transfer.

Glendale Community College was my choice. I urge you to make it your choice, whether as a student or community supporter. GCC has been serving the community for 86 years—shaping tomorrows. We are “Your GCC.”

Dr. David Viar,
Superintendent/President
