

Report on Institution-Set Standards and Institutional Effectiveness Goals 2015-2016

A. Collegewide Institution-Set Standards for Student Achievement

Collegewide standards are minimum performance standards required by the accrediting commission.

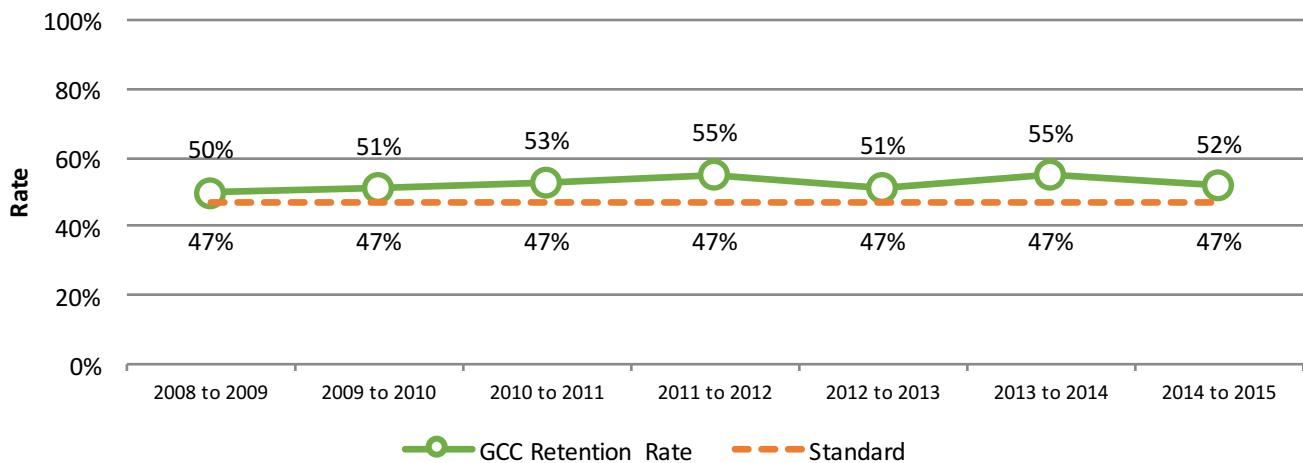

Standard 1. Course Completion Rate – Institution-Set Standard: 67%

Course completion rate is the percentage of credit Fall-semester enrollments at census resulting in a grade of A, B, C, or Pass.

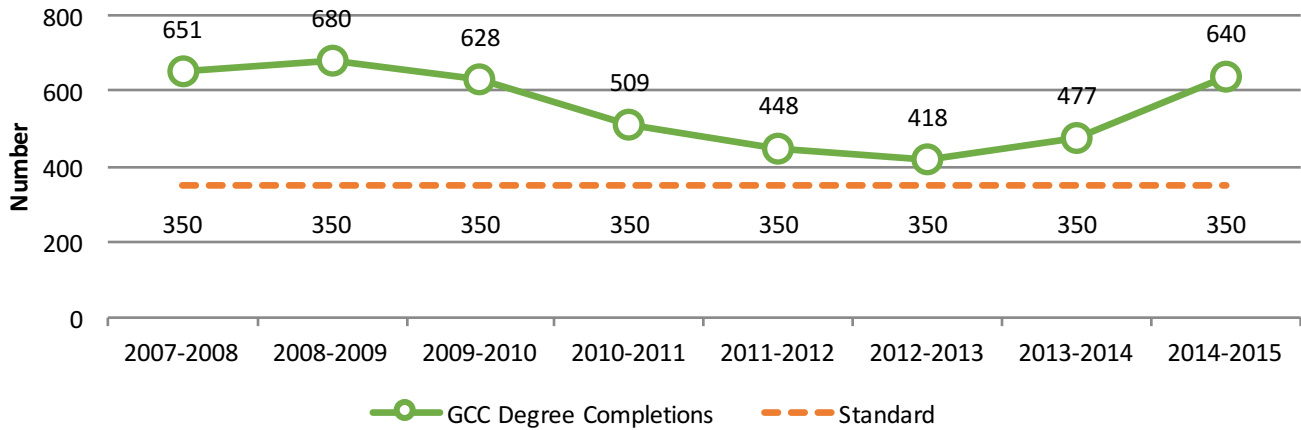

Standard 2. Retention Rate – Institution-Set Standard: 47%

Retention rate, or Fall-to-Fall retention, is the percentage of credit students enrolled at census during one Fall semester who persist to the Fall semester of the following year.

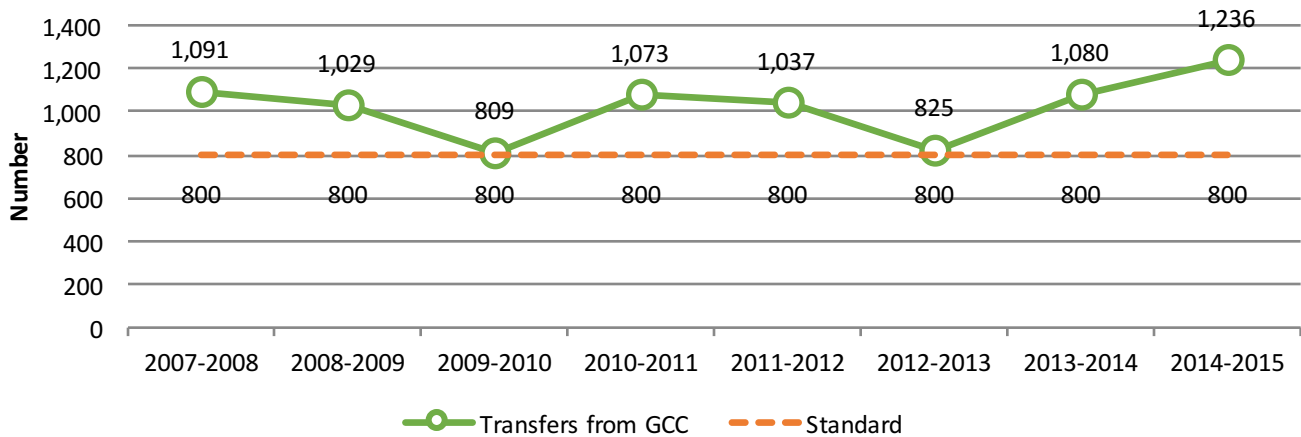

Standard 3. Degree Completion – Institution-Set Standard: 350 Degrees

Degree completion is the total number of associate degrees awarded in an academic year, including Associate in Arts, Associate in Arts for Transfer, Associate in Science, and Associate in Science for Transfer.

Standard 4. Transfers – Institution-Set Standard: 800 Transfers

Transfers is the total number of students transferring to a UC or CSU institution in the academic year. Although data are available for transfers to independent and out-of-state institutions, the data are generally not available in a timely manner, so this standard was set based on transfers to UC and CSU institutions.

Standard 5. Certificate Completion – Institution-Set Standard 200 Certificates

Certificate completion is the total number of credit certificates awarded in an academic year.
