ILO Title ILO 3 Information Competency (literacy)

ILO Description recognize an information need, or define a research topic using library and other resources to locate, evaluate, and use information or data in an ethical and legal manner

Humanities AA Option1 PLO 1

PLO001582

Apply literary, rhetorical, and interdisciplinary studies concepts, and discipline-specific concepts (such as ethnic studies or political science) in order to critically read, write, think, and research about Eastern and Western cultures and civilizations

Last Plan Last Assessed Date 2/5/2013 Last Result 2 - Developing

It seems significant that given the relatively low number of students completing more than one humanities course and our division's inability to offer the slate of courses allowing students to complete a humanities degree, that the division's first step in an action plan should be to carefully review our course and degree offerings. While we are obligated to consider these degrees programs based on the definition of program which our college has adopted,

Integration of counselor skills and ethical standards

PLO001611

Demonstrate the ability to utilize their counseling and cognitive abilities necessary to integrate the counselor skills and ethical standards learned in the preceding Alcohol/Drug Studies Counseling program courses.

Last Plan Last Assessed Date 9/1/2013 Last Result 3 - Met Expectations

Emphasis on the areas the CAT-C exam tests for are emphasized in the capstone/internship classes. Exam workshops have been developed to assist students in passing the CAT-C exam.

Maintain or improve student performance on the NREMT five-

PLO001612

Maintain or improve student performance on the NREMT five (5) five performance topic areas: Airway, Ventilation and Oxygenation; Trauma; Cardiology; Medical and Operations. This year we are specifically working on the area of Operations.

Last Plan Last Assessed Date 9/23/2013 Last Result 3 - Met Expectations

Continue what we are doing. No plan for change at this time

Maintain or increase student pass rate-PLO 2

PLO001613

Maintain or increase the percent of students passing the National Registry Certifying exam

Last Plan Last Assessed Date 9/23/2013 Last Result 3 - Met Expectations

Action plan at his time is to continue what we are doing . We will be using new edition of text book and we are now using online practice testing throughout the semester with the goal of increasing the number of students taking the NREMT exam from our program.

Cognitive skills as entry level RNs - PLO 1

PLO001614

Demonstrate the cognitive skills necessary to integrate the nursing concepts learned in a two year ADN program, including clinical evidence-based concepts inherent in entry level registered nursing practice.

Last Plan Last Assessed Date 12/15/2014 Last Result 3 - Met Expectations

There are several ideas the program plans to implement:

1) One plan is to increase advertisement for the nursing program at career fairs, job fairs, high schools and work with outreach at the college to do this. The college itself is working to increase student enrollment. The nursing program is also working with WIB, HWI, and other organizations to advertise their program such as in health faires
