

Dear Study Abroad Student Applicant:

Thank you for your interest in our Summer 2017 **Ireland-England Program**. Please note this is an academic travel-study program. As such, participants must enroll in at least two (2) of the program courses and attend and actively participate in the orientations, classes, and field excursions. We accept qualified applicants on a first-come, first-served basis, so please do not delay as programs can fill very quickly. Only an application with a deposit check will reserve your space in the program. To apply, please follow these steps:

1. **Fill out the application as completely as possible**, write legibly in **Block Capital Letters**, and be sure to include contact numbers, your name as it appears (or will appear) on your passport and sign all the appropriate releases.
2. If you do not have the faculty reference, turn in your application anyway as this may be completed at a later date. However we can only confirm your acceptance to the program after your application is COMPLETE. Items like passport numbers can be filled in later, but will need to be completed no later than 60 days prior to departure. \*
3. Submit your initial **\$495 deposit** check made out to “**Glendale Community College**” to the Study Abroad office when you submit your application.

\*Although we are here to assist with the process, it is ultimately your responsibility to obtain all appropriate travel documents and any visas required by the countries you will be visiting. Please be sure to read and fully understand the terms & conditions of the application and releases before signing.

#### Key Dates:

The Study Abroad Program at Glendale Community College will review your application and determine your acceptance into the program. We will inform you of the college's decision after receiving the complete application. We will have two mandatory orientations in the spring semester to help you prepare for participation in our program abroad. We strive to answer any questions you may have concerning our Study Abroad program or will refer you to the appropriate resources. Studying abroad can be a unique and significant experience in your educational career and result in fond memories, new friendships, and appreciation for our world and the diversities it encompasses. However, studying abroad does require preparation so be sure to read everything you are given, ask questions and respond to our emails.
