

Glendale Community College
Student Learning Outcomes English 187

Student Learning Outcome

Writing: Analyze paragraphs to identify main ideas and supporting sentences.

Assessment Method

A test which asks students to identify the formal features of a paragraph such as its main idea and supporting details.

Student Learning Outcome

Writing: Write sentences in which spelling and grammatical errors do not interfere with comprehension and which demonstrate knowledge of the English sentence such as principles of grammar and spelling.

Assessment Method

A final paragraph completed during the last week of the course.

Student Learning Outcome

Writing: Write paragraphs appropriate to academic context and which are organized through the use of a topic sentence and supporting details.

Assessment Method

A final paragraph completed during the last week of the course.
