### **Course Objectives**

The student will strive to complete all required work as scheduled in order to improve his/her skills in safe, effective aquatics workouts utilizing any necessary adapted strategies.

### **Text**

The instructor will provide any necessary reading materials for this class – **keep all handouts, as you will be tested on the content.** Please inform instructor immediately if you need materials in an alternate format.

### **Attendance**

Students are required to attend all class sessions. Roll is taken every class. Each class will be worth 4 points (1 for attendance + 0-3 for participation). **Excused absences will receive a maximum of 1 point. Unexcused absences will receive 0 points.**

Communication with the instructor: 1) in person **before the day of the absence**; 2) by phone or by e-mail before the absence OR the day of the absence; or 3) by verified documentation (e.g. from a doctor) if you are incapacitated, may be **considered** by the instructor for excused status. It is to the instructor's discretion to determine whether an absence is excused or unexcused.

## **Attendance (cont.)**

Missing more than **4** class meetings may jeopardize a student's grade and could, without prior arrangements made with the instructor, make him/her subject to being dropped from the course.

Please inform the instructor if you have any condition(s) or limitation(s) that might **significantly impact your ability to participate safely** in this class (e.g. heart conditions, seizure disorders, balance limitations, etc.). It is your responsibility to discuss any desired accommodations or alternatives with the instructor immediately.

## **First Day Drop Policy**

The instructor reserves the right to drop no-shows after the first hour of the first class meeting if no prior arrangements were made for the absence.

## **Examination/Evaluation Procedures**

Progress in specific skill areas may be assessed by:

- Attendance and observation of **active and safe participation** in class activities and discussions (4 points / day)
- Initial vs. Final Vital Statistics
- Assessment of Skills and Individual Goal(s): To be designated upon ENTRY into class and monitored throughout semester - as indicated by pre- and post- testing.
- Completion of ALL paperwork and assignments: For example, Vital Statistics forms, Learner Survey, Swim Log / Journal, etc. **FAILURE TO TURN IN ASSIGNED PAPERWORK ON TIME WILL SIGNIFICANTLY IMPACT YOUR GRADE.** See Important Dates to Remember (p. 4-5) for details.

## **Grading Policy**

**Approximate** breakdown of your final course grade:

Class Attendance and Active Effort / Participation	35%
Written Assessments (e.g. vital measurements, quizzes, assignments)	25%
Skills Assessments (e.g. initial, midterm, and final)	25%
Final Exam	15%

## **Make-up Policy**

This is an activity class, active participation is paramount to your success, and we have limited access to the facility. Thus, make-up work is not readily available. This is the student's responsibility and all such issues will be dealt with on a case-by-case basis.

**Issues or Complaints:** Please address any issues you may have that are relative to this course with the instructor, either in person during our office hours, by e-mail, or by telephone as early in the semester as possible. If you and the instructor cannot resolve the issue, we will refer you to the Program Manager of DSPPS.
