Hospitality, Tourism and Recreation

The Hospitality, Tourism, and Recreation industry sector includes California's fastest-growing industries: travel, recreation, and food and hospitality.

The Hospitality, Tourism and Recreation pathway leads to three different journeys.

For people interested in the healthy side of eating, there's Food Science, Dietetics and Nutrition; for those who'd rather focus on the fun side of food, there's Food Service and Hospitality; and for people who want to help folks enjoy their holiday, there's Hospitality, Tourism and Recreation.

Studies on this pathway will focus on technical knowledge, combined with hands-on and work-based instruction designed to let you jump right into the work force...or continue your education if that's what you want.

Either way, this pathway can lead you to a career where every day seems like a vacation.
