

# Glendale Robotics Academy

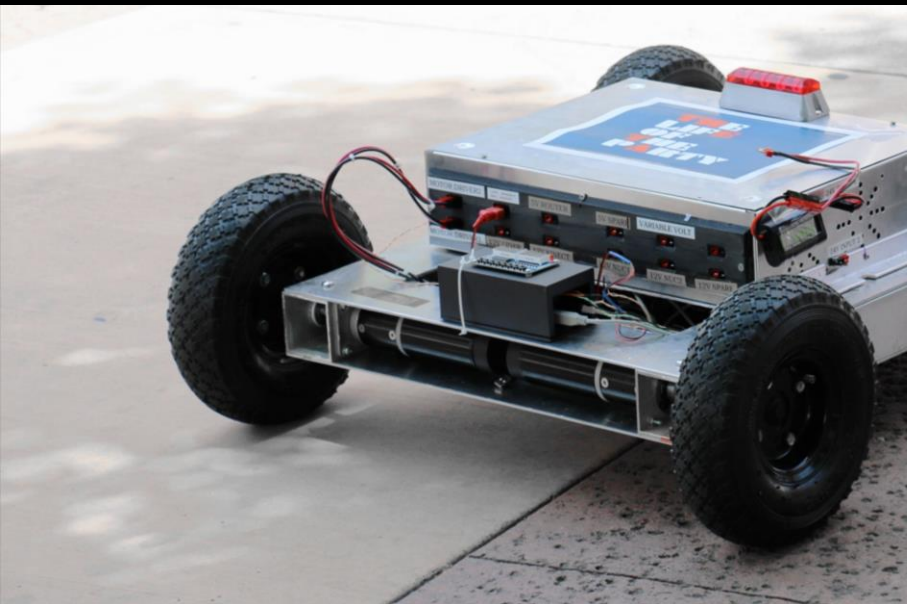

ENGR 298 (Ticket 2756)

## Engineering Capstone

Tue/Thurs 4:40 – 6:45, Fri 3:35-6:45

**Add Deadline: Friday Sept. 9**

Email if interested: [atoorian@glendale.edu](mailto:atoorian@glendale.edu)

Engineering Capstone is a year-long, project based, multi-disciplinary class. Students experience the design, fabrication, and testing of a complex robotic system. The class is run like an engineering startup company more than a traditional class. Projects are chosen each year based on student experience and research interests. *Come see if you have what it takes!*
