

To add a file to Canvas

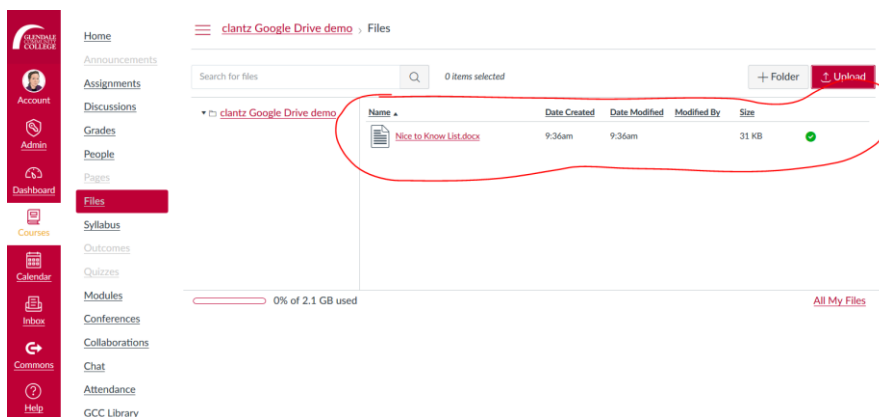

Go into your course, click on files

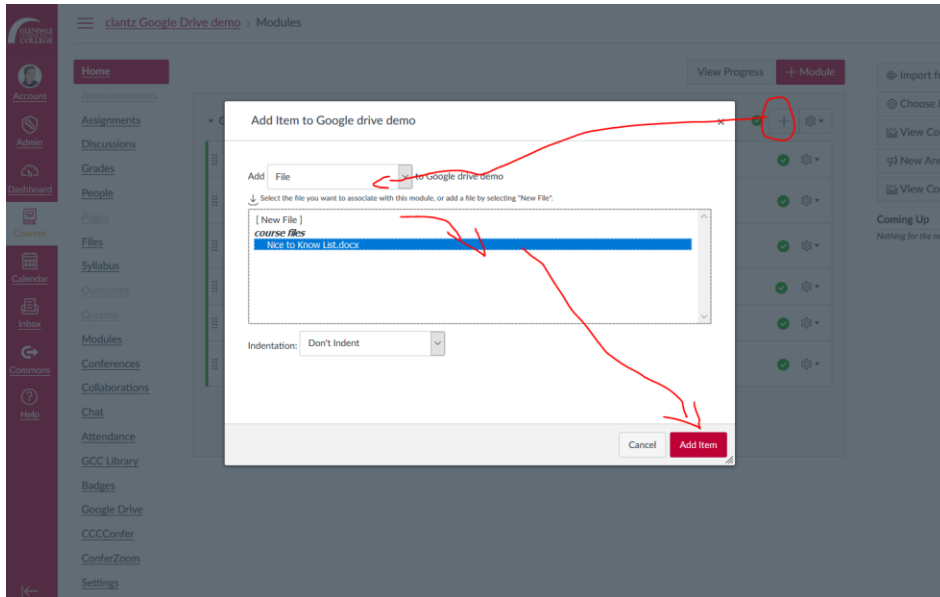

In the files area, click on "Upload", choose file and click "Open"

Your file will be here in the files section

To move it to your Home page, click on the little plus sign (circled) the page will darken and the “Add to” window will come up. Choose “File” form the drop down, select your file, and click “Add item”

The file is now sitting nicely on your home page.
