# ENGR 100 Introduction to Engineering

This course provides students with an understanding of the academic and professional behaviors and **skills necessary to enhance their chances of success as an engineering major, and ultimately as a professional.**

This skills include:

- Working effectively in teams
- Goal setting/ Time Management, and
- Developing oral communication skills

**Students are introduced to the campus resources available to the engineering majors.** Students have an opportunity to work collaboratively with their classmates on most of the assignments and in-class design projects.
