

Career Education Programs

Career Education Programs support the local economy by training current and future employees with necessary skill sets using state-of-the-art equipment combined with a rigorous and relevant curriculum.

CALIFORNIA COMMUNITY COLLEGES

Doing What **MATTERS**™

FOR JOBS AND THE ECONOMY

A STUDENT SUCCESS NETWORK

Make a connection! Our bilingual counselors and staff are here to assist you in getting the most out of your GCC experience. Our goal is to provide you with a support network that connects you to the people and resources you need to succeed.

OUR SERVICES

CE Counseling

Students can earn specific Skill Certificates and Associate in Arts/Science (A.A./A.S.) degrees to prepare for the work environment or transfer to a 4-year university in their chosen career pathway.

Community Outreach

Community Outreach Events
Workshops Presentations
Career Pathways
Business Partnerships

High School to College Articulation

An articulated high school course is a high school course or courses that the faculty in the discipline have determined to be comparable to a specific community college course.

Students whom have taken an articulated high school course may be able to earn college credit by choosing to participate in a credit by examination process.
