

The English 3rd Attempt program is designed for students who are attempting to retake any English or ESL class here at GCC for the third time. Its purpose is to provide students with the support and services they need, to help them pass the course for the third and final attempt at GCC.

In order to receive approval from the English division to retake the course for a third time, participation in the program is MANDATORY.

Students must attend an orientation to receive approval to add the course and participate in the program.

**Students retaking any humanities course for the third time would also have to participate in this program.*
