Why should I consider a Career Education Program?

Think a high school diploma opens the door to a good job? Think again!

By 2020, 65% of all jobs in the U.S. will require training beyond high school.

Career Education is the smart, affordable way to get the practical skills you need to compete in today's fast-changing job market.

Our classes are taught by industry experts who have worked in their fields. You won't just be sitting in lectures — you will be gaining hands-on experience.

Glendale Community College has the tools you need to succeed!
