#### Program Review Committee Mission Statement

Program Review will develop effective processes, tools, validation, and guidance for all programmatic self-assessment at Glendale Community College. The self-assessment process will become the foundation upon which programs advocate for their needs in achieving educational excellence.

The product of validated self-assessment will provide fundamental information for college wide decision-making and resource allocation. Through a regular scanning of the internal and external environment, the program review process will continually improve and adjust to the changing needs of all college programs.

Aligning the Program Review process with the college's Mission Statement, Institutional Master Plan, and the Standards for Accreditation will direct all assessment toward student learning.
