What's free, fun and focused on you (and your course)?

Course Design Academy

brought to you by CVC-OEI and @ONE

Great course design is the foundation of an effective online course.
It's essential for student success, but it can be tough to figure it all out on your own.

Why not leverage the wisdom of other online instructors from across our system by participating in the CDA? It's free to all faculty (full and part-time) of OEI consortium colleges.

You'll receive everything you need to take your course from good to great:

- Supportive peer feedback
- Instructional design guidance
- Help with accessibility

When you finish, your course will be recognized with a Quality Reviewed badge indicating it meets the CCC's highest standards of online excellence, and you'll have a new set of design skills that will benefit students in all of your future courses.

Join CDA and make your online course the one you've always dreamed it could be!
