

RECOMMENDED BIOLOGY HEALTH SCIENCE COURSE SEQUENCE

Although Biology 115 is not a prerequisite for Biology 120, it is strongly recommended that students without a science background in biology take Biology 115 prior to Biology 120. Students who have taken Biology 115 are better prepared for the rigor of Anatomy and Physiology. Students are advised **NOT** to take Biology 112 concurrently with Biology 120 or Biology 121.

Students are recommended to take the chemistry requirement before or concurrently with Biology 120.

Biology 115 Human Biology (4 Units)

UC, CSU transferable

Biology 120 Human Anatomy

(5 Units) UC, CSU transferable

Recommended preparation: Biol 115

Biology 121
Intro to Physiology

(4 Units) UC, CSU transferable

Prerequisite: Biol 120 **AND** one of the following: Chem 101, 110, or 120 Biology 112 Microbiology (5 Units)

UC, CSU transferable

Prerequisite: Biol 101, 120 or 122 **AND** Chem 101, 110, or 120 or equivalent

→ REQUIRED
