1. Guest Speaker: “Career Pathways with Meta-Majors”

Ryan Bishop, Adjunct Counselor in the Career Center presented examples of career cluster options for students.

2. GP Counseling Updates (Kevin Meza)

Navigate Phase I - the new interface for serving students. Navigate will eventually serve as the main dashboard for students; and is a useful application for faculty and staff in the way that we'll be able to follow up with students and/or potential students. Other updates include finalizing the meta-majors. We'll work towards rebranding meta-majors to other possible names such as Academic Pathways or Career Pathways.

Please email Kevin candidates for Student Expert Lead spots on the various workgroups.

3. Outcome for Workgroups - (Frankie Strong) general

announcement, next steps

The five leads of each workgroup have been selected. The Communications Leads (CL) of each group will be or have called their group to convene. It is recommended that each workgroup establish a regular meeting time to enable other volunteers to attend and participate. The leads of each group are part of the GP Steering Committee that meets after the Open Forum.

Next steps: what we referred to as the 'steering committee' is now actually the GP Open Forum meetings where information is shared and exchanged with the college community. The agenda is sent to 'GCC'.

The GP Meetings schedule:

Third Monday of each Month, except for December

12:30p, Monday, November 23, **Open Forum** - information sharing with/from Workgroups and GP5, to stakeholders

1:30p, Monday, November 23, **Steering Committee** convenes - includes the Leads from each workgroup, the three GP Coordinators, Constituent Leaders and the VPI and VPSS.

4. SOAA Plan - Scale of Adoption Assessment Plan (Tom Voden)

The SOAA Plan is our self-assessment of our Guided Pathways Framework. It is due to the Chancellor's office March 1, 2020. The GP Coordinators will work on a draft; Tom will send out the draft to the college for feedback.
