REGISTRATION INFORMATION

INCORRECT FEES AND FEE WAIVERS

If you believe that an error was made in your fee calculation, you will need to go to the Student Fees Office located in the Sierra Vista Building. If you wish to waive the Student Services Fee due to financial hardship, go to the Student Business Services Office located in the Bookstore before the refund deadline. If your fees are waived you relinquish all privileges and your rights to use all services funded by the Student Services Fee. The health fee may be waived by students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization. (Waivers for the current semester/session will not be granted after the final deadline to withdraw from classes and be eligible for a refund as published in this class schedule.)

FINANCIAL AID STUDENTS

MyGCC will let you know if you have been awarded a BOG. If you are awarded a BOG, the enrollment and health fee are waived, but you must pay all other fees.

WAITING LISTS

Many classes have a wait list. If a registered student drops the course, the first wait list student will be automatically moved into the course.

It is the student's responsibility to verify enrollment status on the first day of class from the instructor. ***It is the student's responsibility to drop a class without a "W" to be eligible for a refund or not be held responsible for payment of fees.***

WAITLIST INFORMATION

If a class is full, but has a waitlist, you can add yourself to the waitlist and as seats open up, students on the waitlist will be automatically enrolled. *When you add yourself to the waitlist, you are given a position number. Students are enrolled in open seats based on their position number. The lower your number is on the waitlist, the greater your opportunity is to be enrolled in the class.

WAITLIST FREQUENTLY ASKED QUESTIONS

What is the advantage of enrolling to a waitlist?

The waitlist enables you to be auto-enrolled in closed classes as seats become available.

How many classes can I waitlist for?

You may add yourself to any number of waitlists, but you will not be allowed to enroll in and waitlist in more than the maximum number of units for the term. For example, for the spring term, the maximum number of units allowed is 19; therefore, your combined enrolled and waitlist units can't exceed 19.

Can I waitlist in more than one section of the same class?

Yes, you can waitlist for multiple sections of the same class. Once you have been enrolled in one section of a class, you will be removed from the waitlists for all other sections of that class. If you are already enrolled in one section of a class, you may waitlist for additional sections, but you will not be enrolled from the waitlist until you drop the section that you are enrolled in.

I was in position number 1 on a waitlist, why wasn't I enrolled when a seat opened?

The requirements to be moved off of a waitlist are the same as standard enrollment:

- You will not be enrolled from the waitlist if you are already enrolled in another section of the same class.
- You will not be enrolled in a class if it conflicts in meeting times with another class in which you are enrolled.
- You will not be enrolled in more units than permitted in the term.
- You will not be enrolled if you have not met the prerequisites for that class.
- You will not be enrolled if you have any registration holds, i.e. Financial, Library, PE etc.

Can I take myself off of a waitlist?

Yes, you may remove yourself from a waitlist by following the same process as to drop a class.

What is the first day I can get on a waitlist?

Waitlists are only available once the class has reached its enrollment capacity. For high-demand classes, this may be the first day of registration or for other classes as late as the last week of open registration.

Once I am on the waitlist, how do I get into the class?

If seats become available and you meet all of the requirements, you will be added automatically to the class based on your waitlist position number. If you are successfully enrolled from the waitlist, you will see the change in your "My Schedule" in your Student Center. You will be sent an email to your college issued email address notifying you that you have been moved into the enrolled status.

Can I waitlist for a class that conflicts in meeting times with a class that I'm already enrolled in?

Yes, you can waitlist for time conflicted classes, but you will not be moved off of the waitlist until the time conflict has been resolved.

Where can I find my waitlist position number?

In your class schedule, there is a checkbox to show waitlisted classes – if you check this box, you will see classes that you are waitlisted for, and your position number.

What if I decide that I no longer want to take a class that I have waitlisted?

It is your responsibility to remove yourself from the waitlist. If you have been enrolled from the waitlist and do not wish to take the class, it is your responsibility to drop the class before the last day to drop with refund, or you may still be accountable for the class.

What happens if I am added to a class from a waitlist after I have paid fees for other classes that I enrolled in?

Your account in your Student Center will reflect the additional enrollment fees. Log into your MyGCC Student Center and click on Account Inquiry. These fees must be paid immediately.

If I am already enrolled in NelNet payment plan, how might enrolling in an additional class via the waitlist impact my payment plan?

Any additional enrollment fees and charges not included in your initial budget and plan will need to be added. You need to let the Tuition Office know of any changes to your enrollment or fees for the added class will be due immediately.

If I have Financial Aid, how will adding a class to my schedule from the waitlist impact my aid?

The enrollment fees will be waived as long as you have been awarded the BOG grant. If you are automatically enrolled through the waitlist process, the enrollment will be complete prior to the last day to add a class and your Financial Aid awards will be adjusted accordingly. However, if you are given a "permission number", you must add the course online prior to the last day to add a class or your Financial Aid will not be adjusted. We suggest that you contact the Financial Aid office if your units increase or decrease any time during the term.

***WAITLIST IMPORTANT NOTICE:** Classes and wait list (enrollment from the wait list) will officially close at 11:59 p.m. on the Sunday before the class is scheduled to begin. If you would like to add a closed class, you must attend the first day of the class to obtain a permission number from the instructor. IF you are given a permission number, you will then need to log back into your student portal–MyGCC and officially add the class using the permission number.

COURSE ENROLLMENT

OPEN ENROLLMENT

Unless specifically exempted by statute, every course, course section, or class shall be open for enrollment and participation by any person who has been admitted to the college and who meets the prerequisites for such courses.

REQUIREMENTS

When you look at the class listings, you will see that many courses have conditions you must meet before you can enroll. These conditions are called assessment tests, prerequisites, co-requisites, recommended preparation, or limitations on enrollment.

DEFINITIONS

Assessment Test:

These exams measure your current skills. Your composite scores determine your placement in English, mathematics, English as a Second Language, and in other areas.

Prerequisite:

This means you already must have completed the course or courses listed as prerequisite(s) with a grade of A, B, C, or Credit before you enroll in the class you're considering.

Corequisite:

This means the class listed as a corequisite already must have been completed, or you can take it at the same time as the class you're considering.

Recommended Preparation:

This is a condition that you are advised, but not required, to meet before enrolling in the class you're considering.

Other Limitations on Enrollment:

Certain courses may require tryouts, auditions, or may be limited by health and safety considerations, facility limitations, faculty workload, availability of qualified instructors, funding limitations or legal requirements imposed by statutes, regulations or contracts. All limitations conform with the provisions of the Title V, Section 58106, California Community College Board of Governors.

PREREQUISITE CHALLENGE PROCESS

You may challenge your assessment placement, course prerequisite, corequisite or limitation on enrollment for any of the following reasons:

1. You have the knowledge or skills to complete the course.
2. The prerequisite course has not been reasonably available and will cause you a delay in the completion of your academic goals according to your Student Educational Plan.
3. The course has not been established in accordance with the district's process for establishing prerequisites and corequisites.
4. The prerequisite is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.

Follow these instructions:

1. Complete the Glendale Community College Prerequisite Challenge Petition.
2. Submit the petition to the appropriate division chair.
3. You may need to submit evidence of the necessary skills to pass the course.
4. You will be notified within 15 days of the decision.
5. If the petition is denied, you may appeal the decision to the Executive Vice President of Instruction.

Prerequisite Challenge Petition forms may be obtained from the Academic Counseling Office.

TRANSCRIPTS AND TRANSFER OF UNITS

Transcripts should be sent directly from the high school or college to Glendale Community College. All transcripts become the property of Glendale Community College and will not be returned.

Glendale Community College reserves the right to evaluate work completed in other colleges or universities. The external credit units and cumulative grade points will be posted on the student's Glendale College transcript. Transfers with acceptable grades will be granted advanced standing in-so-far as the work completely corresponds with that of Glendale Community College.

Upon the written request of a student, a transcript of the student's record at Glendale Community College will be forwarded to a college or university, individual, firm, etc. providing that such student has no outstanding financial obligation to the college. Records may be withheld for monies owed the college, library fines, unreturned P.E. supplies and/or equipment, health holds, or for disciplinary problems. For more information visit the college website at www.glendale.edu.

Interested in Being a Scholar?

The Glendale Community College Scholars Program is the College's honors program. Scholars is actually three programs in one: an academic program with 15 units of Honors general education and pre-major courses that students plan with the Scholars counselors; an active community service organization; and a vibrant social club. Good standing in the program is maintained through high academic performance and dedicated and active participation in Scholars meetings and events each semester. Scholars demands time and effort, offering benefits as well-rounded students upon program completion and transfer.

In their academic, service, and social contexts, Scholars develop bonds with fellow students. Scholars benefit from priority registration, specialized counseling, and smaller class sizes.

Students who successfully complete the Scholars Program benefit from enhanced admissions consideration through the UCLA College of Letters and Science, through the UCLA Transfer Alliance Program. GCC is a member of the Honors Transfer Council of California. In addition, campuses nationwide recognize GCC's Scholars Program as a competitive edge on transfer applications.

For more information about The Scholars Program, visit our website at www.gccscholars.com, or email the Scholars Program Director, Dr. Michael Harnett, at scholars@glendale.edu.

DISTANCE EDUCATION

Glendale Community College offers a variety of Distance Education courses to meet your needs including Online courses and Hybrid courses. Distance Education courses shall utilize features of the Learning Management System (LMS), Canvas, such as Course Documents, Discussion Boards, Virtual Classrooms, Groups, Assignments, External Links, Digital Drop Boxes and Grade Books, Asynchronous and/or Synchronous* learning, etc. Internet and other technologies are used in learning exercises every week to ensure regular and effective contact between instructor and student and between student and student. Distance Education courses are equivalent to an in-person course. Courses are taught by the same qualified instructors and follow the same curriculum and standards as an in-person based course. Distance Education courses provide flexibility in scheduling and are especially helpful for self-directed learners. It is recommended that students be comfortable with computers, particularly the Internet, before taking an online or hybrid course. Make sure to read the course Ticket Note before choosing to enroll. *Synchronous refers to a learning environment in which everyone takes part at the same time. Asynchronous refers to a learning environment in which everyone does not take part at the same time.

For more information on GCC Distance Education, go to <http://glendale.edu/online> and click on GET STARTED.

Distance Education offers three types of courses:

Online Courses

An Online course is offered fully online. Students cannot be required to meet face-to-face for office hours, orientations, homework, exams, distribution of resource materials, or any other course component. All course instructions, materials, assignments, and discussions are posted and completed online through Canvas.

Hybrid Courses

A Hybrid course is offered partly online with online content and/or activities and partly face-to-face with in-person meetings. The instructor will give an in-person orientation and in-class exams as stated in his/her syllabus.

Proctored Online Courses (POC): Assignments and examinations in a Proctored Online Course will be submitted in an asynchronous manner, but students will be required to take tests at a proctoring facility. Your instructor will provide proctoring accommodations at GCC. Off-site proctoring services could be available at the discretion of the instructor.

Once enrolled in a Distance Education course, students must retrieve and read the Welcome Letter emailed to their GCC student email account 2-5 days prior to the beginning of the term. This Welcome Letter will explain the policies and procedures of the course and how to complete the Check-In Assignment by Thursday night of a 4-8 week course or by Sunday night of a 10-16 week course to establish attendance and not be dropped.

A Welcome Letter:

- Helps students unfamiliar with the distance education environment understand course expectations,
- Tells students how and where to login,
- Lets students know where to go for technical help and support,
- Establishes rapport and promotes regular and effective contact with students early on,
- Assigns a Check-In Assignment. Faculty will design a course Check-In Assignment (see description below). The Check-In Assignment will be administered during Week 1.

Check-In Assignment

The course Check-In Assignment is a mandatory requirement for all distance education courses. If a student does not complete the course Check-In Assignment by Thursday night of a 4-8 week course or by Sunday night of a 10-16 week course to establish attendance, the instructor may drop the student. Directions on completing the course Check-In Assignment will be in the Welcome Letter sent via GCC email by the instructor 2-5 days before the term begins (see above). Students are responsible to retrieve and read the Welcome Letter sent to their GCC email before the term begins.

Student Authenticity

Effective Regular Authentic Contact establishing and maintaining regular effective contact is an important aspect of delivering an online and hybrid course. It is not only a Title 5 requirement, but is also a practice that encourages and facilitates student-centered instruction and increases student-learning outcomes. Therefore, Distance Education courses are *NOT* offered in a self-paced format.

Distance Education includes regular effective contact between instructor and students, and between students and students. Effective regular and authentic contact in the distance education classroom takes place in four ways every week there is online instruction: 1. Instructor-Student 2. Student-Student 3. Student-Content 4. Student-Interface.

Any portion of a course provided through distance education must be consistent with guidelines issued by the Chancellor's Office, pursuant to section 409 of the Procedures and Standing Orders of the Board of Governors.

Attendance & Participation Policy

All distance education courses currently follow the GCC Attendance and Drop Policy.

DISTANCE EDUCATION

GCC's Attendance & Participation Policy Guidelines

- Students are expected to attend all class meetings. There are no authorized absences from class and irregular attendance may result in exclusion from classes.
- It is the student's responsibility to register properly for classes. A student who fails to enroll officially in a class will not be given credit for that class.
- Students also have the responsibility of officially withdrawing from college or dropping from class when they stop attending, and of observing established deadlines. Otherwise, "F" grades may be assigned.
- It is the responsibility of each student to know the attendance and absence policy of each class in which he or she is enrolled. It is the responsibility of each instructor to inform his or her class of the attendance and absence policies at the beginning of each semester.
- Students shall be dropped from class for failure to attend the first class meeting during the first week of instruction if they have not made prior arrangements with the instructor.
- Students also may be dropped for continuous or cumulative absences for the number of hours a sixteen-week class is scheduled to meet in a two-week period.

What this means for distance education

Students in distance education courses are required to 'attend' and participate just as if they were in an in-person course. Students who do not participate, that is, who consistently do not complete assignments, quizzes, respond to forums or turn in other work, will be notified that they may be dropped from the course for non-participation. It is important that online and hybrid instructors be very clear in their Syllabus and Welcome Letters about what constitutes participation and late work.

For Students: Don't miss more than two weeks' worth of assignments (online class) OR one weeks' worth of assignments and one weeks' worth of live lecture (hybrid class). The course Syllabus will tell you what constitutes two weeks' worth (online) or one weeks' worth (hybrid) of online assignments to complete in order not to be dropped.

GCC's Drop Policy Guidelines

Once enrolled in a course, students are not considered dropped or withdrawn unless:

- They have dropped the course online via MyGCC; or
- They have dropped the course with an Add/Drop form in person at the Admissions & Records office.
- A grade of "W" will not be made on the permanent academic record of a student who drops or is dropped from the course or from college:
 - During the first two weeks of a semester-length course;
 - During the first week of a course which is at least five weeks in length and less than a semester in length; or
 - During the first 20% of a course that is less than five weeks in length.

Federal Drop Policy Guidelines

A letter sent in October 2011 by the Department of Education calls upon postsecondary distance education programs to put more stringent measures into place to make certain that students are not just enrolled in courses, but also actively participate: "...institutions [need] to take steps necessary to ensure that students are academically engaged prior to disbursing Title IV student aid funds. If students do not begin attendance, Title IV funds must be returned" (34 CFR 668.21(a))(Runcie & Ocha).

What this means for distance education

It is imperative that DE instructors drop all non-participating DE students by GCC's Census Date. To confirm participation, best practices require that DE courses have a course Check-In Assignment with a firm due date during the first week of instruction.

For Students: COMPLETE THE "CHECK-IN ASSIGNMENT" that is listed in the Welcome Letter by Thursday night (4-8 week classes) or Sunday night (10-16 week classes) of the first week to not get dropped.

Refund/Repayment Process

To receive a refund for tuition and/or enrollment fees and other student fees, courses must be dropped or canceled within the first two weeks of instruction for the particular course. Requests for refunds must be initiated by the student and will be processed according to the following schedule:

- Summer - Students who withdraw (or drop units) during the first week of the summer intersession are entitled to a 100% refund provided that they submit a refund application during week two when refunds are processed.
- Fall and Spring - Students who withdraw (or drop units) during the first two weeks of the semester are entitled to a 100% refund provided that they submit a refund application during weeks three and four when refunds are processed.
- Refund request forms are available in Student Business Services. Students must present an I.D. Card and a receipt showing payment of fees. A \$10 refund processing fee will be assessed for all requests.

RESIDENCE REQUIREMENTS

U.S. citizens who are residents of California for LESS than one year by August 31, 2020 will be required to pay a tuition fee of \$225 per unit and a capital outlay fee of \$40 per unit. In order to be classified as a resident for tuition purposes, a student must provide evidence of one year's physical presence in California prior to the residence determination date; evidence of one year's intent to make California a home for other than a temporary purpose; and, for any student seeking reclassification from nonresident to resident status, evidence of independence from parents who are not residents of California.

For non-citizens of the United States, a permanent resident card or other documentary evidence of lawful admission for permanent residence to the United States dated at least one year before the residence determination date for the semester is required also. Falsification of residence will be considered grounds for dismissal from college.

International students are subject to international student tuition charges which are established on an annual basis. The current charge is \$225 per unit and a capital outlay fee of \$40 per unit.

All immigration documentation and proof of California residency must be submitted to the Admissions and Records Office **PRIOR** to the start of the semester of attendance.

WAITING LISTS

Many classes have a wait list. If a registered student drops the course, the first wait list student will be automatically moved into the course. It is the student's responsibility to verify enrollment status on the first day of class from the instructor. **It is the student's responsibility to drop a class without a "W" to be eligible for a refund or not be held responsible for payment of fees.**

ATTENDANCE, DROP AND WITHDRAWAL POLICY

You are expected to attend all class meetings. It is your responsibility to know the attendance and absence policies of your instructors. An instructor **will** drop you from a course for absences and/or irregular attendance.

It is **your responsibility** to officially withdraw from the college or to drop a class within established deadlines. Failure to officially drop a class may result in a failing grade. **September 12, 2020** is the last date to drop a 16-week course without notation and to file for a refund. **November 21, 2020** is the final date to drop a 16-week course with a notation of "EW." If you are enrolled in a course after **November 21, 2020**, you will receive an academic grade. Check page 3 of this schedule for drop dates for short term classes or in your student portal MyGCC.

Students receiving financial aid should contact their financial aid advisor before dropping classes to determine if they will owe a financial aid repayment.

PASS/NO PASS PETITION

You may petition to have any of your courses graded as a Pass/No Pass. The Pass/No Pass petition is available online at: <https://www.glendale.edu/students/admissions-records/forms-a-r>

You must email your Pass/No Pass petition to the Admissions and Records Office at ARDocs@glendale.edu by the established deadline. Please refer to the Session Dates and Deadlines webpage for established deadlines at: <https://www.glendale.edu/students/admissions-records/session-dates-deadlines>

REPETITION OF COURSES

Courses completed with grades of "C" or better, unless specifically stated, cannot be repeated unless you file a petition. If the petition is approved, only the first grade is considered in computing your cumulative grade point average.

A course can be repeated twice when the grade received was substandard (D, F or P/NP). After completing the course with a D grade or better, you should petition to have the Course Repetition Policy applied to your academic record. Only the last grade will be used to compute the cumulative grade point average, but the original grade on the academic record will not be changed or deleted.

VETERANS

Per California Senate Bill 272, veterans will be given priority registration. In order to collect benefits veterans must file an Intent-to-Register Agreement with the Veterans Resource Center in AA-2. Veterans must have the following documents to proceed: Letter of Eligibility from the Veterans Administration, DD214, official college transcripts from all college work taken outside of Glendale Community College, GCC assessment test results in English and math, and selected college program offered at GCC. Veterans must then establish a Student Educational Plan (SEP) with the Veterans Counselor prior to registration. It is the Veteran's responsibility to notify the college Veterans Office of any changes of program prior to registration. Veterans taking a course which lasts less than a semester will be paid only for the actual enrollment period.

NON-DISCRIMINATION AND EQUAL OPPORTUNITY POLICY

Glendale Community College District is a multicultural community of people from diverse racial, ethnic, linguistic and class backgrounds, national origins, religious and political beliefs, physical and mental abilities, and sexual orientations. The activities, programs, classes, workshops/lectures, and everyday interactions of this district are enriched by our acceptance of one another, and we strive to learn from each other in an atmosphere of positive engagement and mutual respect.

Implicit in this mutual respect is the right of each of us to live, study, teach, and work free from harassment or denigration on the basis of race, age, religious preference, gender, sexual orientation, color, national origin, or disability. Any violation of this right—verbal or written abuse, threats, harassment, intimidation, or violence against person or property—will be considered a violation of the principles of community that are an integral part of the focus, goals, and mission of the Glendale Community College District. Glendale Community College District is committed to providing an equal opportunity for admissions, student financing, student support programs and activities, and employment regardless of race, religious creed, color, age, sex, sexual orientation, national origin, ancestry, marital status, medical condition, or disability in accordance with federal, state, and local regulations. This Non-discrimination and Equal Opportunity Policy covers admissions, access, and treatment in District programs and activities, and application for and treatment in District employment.

REQUIREMENTS AND REGULATIONS

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

Glendale Community College annually informs students of the Family Education Rights and Privacy Act of 1974 as amended, of the provisions of Sections 76200-76240 of the Education Code of the State of California and of the provisions of Sections 54600-54630 of Title 5 of the California Administrative Code. These references, with which the institution intends to comply fully, were designated to protect the privacy of education records, provide the process by which students may challenge the accuracy of those records, and provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the act.

An institutional guide explains in detail the procedures to be used by the institution for compliance with the provisions of the act. Copies of the guide are available in the campus library and the Office of Admissions and Records. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of Admissions and Records.

Release of Student Directory Information Policy

Certain categories of student information are considered "open" or directory information. The college policy on the sharing of directory information to outside agencies and individuals (including parents and spouses of enrolled students) is limited to: name, e-mail address; major field of study; dates of attendance; degrees, honors and awards received; and the most recent previous institution attended. A student may request that directory information not be released by signing a request form at the Office of Admissions and Records. The request form must be received by the last day of the second week of instruction for a fall or spring semester or by the last day of the first week of instruction for a winter or summer session. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by the Family Educational Rights and Privacy Act of 1974 (FERPA).

GCCD DRUG-FREE CAMPUS POLICY

It is the policy of Glendale Community College to maintain a drug-free campus environment. The unlawful use, manufacture, distribution, possession, presence and sale of alcohol, narcotics, or any illicit drugs is prohibited. A student's presence on college-owned property, or attendance at a college-sponsored or -supervised function, while under the influence or in possession of alcohol, narcotics, or other legally controlled drugs is prohibited except as expressly permitted by law. All students are required to comply with this policy. Information about the health risks associated with alcohol and drug abuse, as well as educational programs and assistance, is available at the Health Center on the first floor of the San Rafael Building.

POLICY ON ACADEMIC HONESTY

College study is the process of acquainting students with values and procedures central to scholarship. All students are expected to do their own work. All forms of cheating and plagiarism are absolutely forbidden. This is the official policy of Glendale Community College.

The following behaviors serve as an operational description of student violations of academic honesty:

1. The student takes or copies answers from another student or source or uses unauthorized materials during a test.
2. The student turns in an assignment (labs, art projects, homework, prewritten or purchased papers, or work downloaded from the Internet) which is not his/her own.
3. The student uses words or ideas which are not his/her own without acknowledgment of the source (plagiarism).
4. The student knowingly deceives an instructor with the intent to improve his/her standing in class.
5. The student submits the same paper or project previously submitted in another class without the permission of the current instructor.
6. The student depends upon tools or assistance prohibited by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments.
7. The student acquires, without permission, tests or other academic materials belonging to a member of the GCC faculty or staff.

When a student engages in academic dishonesty, faculty have the options of requiring the student to see a college counselor, and/or assigning a lower grade, including F or 0, on the assignment in question.

Violations of this Policy will be reported to the Executive Vice President of Instruction and will become part of the Glendale College Cheating Incident file, unless the instructor finds compelling reasons not to report a violation. The Executive Vice President of Instruction may then impose sanctions authorized by Administrative Regulation 5500. The sanctions include, but are not limited to, issuing a reprimand, suspending the student for up to ten days of instruction, and/or requesting a hearing by the Campus Judicial Board to see if the student should be suspended, or permanently expelled from the college.

The student has the right of due process for all the above sanctions.

For more information on Board Policy 5501 go to www.glendale.edu.

SUMMER BRIDGE AND GCC LEARNING COMMUNITIES

GCC has a variety of programs available to reinforce your continued success at school and beyond.

SUMMER BRIDGE:

Summer Bridge is designed to help new students become familiar with and have exposure to college life before they begin in fall. It provides the opportunity for new students to learn about important campus resources and college life, all while getting acquainted with faculty and staff. Students will be introduced to meta-majors, career exploration, financial aid and the CC Promise Grant. It's an excellent way to begin your college experience.

LEARNING COMMUNITIES:

BLACK SCHOLARS, GUARDIAN SCHOLARS, LA COMUNIDAD

GCC's Learning Communities are designed to help provide support and guidance to our students, to encourage opportunities for campus involvement, develop students' personal characters, foster a sense of belonging and to help students build community. We work in collaboration with departments across campus to increase students' personal, academic, and career success. The learning communities provide a safe space for students to come in and ask questions, celebrate cultural diversity, meet other students and create meaningful relationships.

BLACK SCHOLARS

The mission of Black Scholars is to help African American college students achieve their academic and career goals by increasing their retention, persistence, and graduation rates.

GUARDIAN SCHOLARS

Guardian Scholars is a supportive network committed to empowering current and former foster youth to achieve their academic, career, and personal goals. The program encourages student growth and development through meaningful interactions during individual, group, and in-class sessions. As a community, it is designed to help students attain success throughout their collegiate journey.

LA COMUNIDAD

Through La Comunidad, Latino and Latina college students receive assistance with their efforts to earn a certificate, graduate with an Associate's degree, or transfer to a four-year institution. The program helps students develop the knowledge and skills necessary to navigate the college environment and ensure their success in higher education.

SUPPLEMENTAL INSTRUCTION

Supplemental Instruction (SI) is a program that offers students collaborative learning workshops outside of class times. Under the supervision of an instructor or specially trained student leader, these workshops provide students with an enjoyable, structured way to study the course material and develop critical thinking and problem-solving skills. Regular workshop participants usually reach a better understanding of a course content and tend to pass at a higher rate and with better grades than non-participants. The workshops are free to students.

WHAT'S A CA College Promise Grant - CCPG?

The CCPG* is formerly known as the BOG Fee Waiver. The CCPG is a grant provided by the State of California for students who have been California residents for more than one year. Eligible students will have their units paid for if eligible for the CCPG. *Students who are required to pay non-resident tuition do not qualify.* **NOTE: Students who do not meet GCC Standards of Scholarship may lose eligibility to use their CCPG.**

PLAN AHEAD!

Do not wait until you want to register to apply. Students may be dropped for non-payment of fees. If you have already filed your 2020-2021 FAFSA or 2020-2021 CA Dream Act Application (for AB540 students) you may not need to complete this form. Check your financial aid records on MyGCC to determine if you have already been awarded a CCPG and do not need to submit this form.

WHAT HAPPENS IF I RECEIVE A CCPG?

If you are eligible for a CCPG A, B, or C your enrollment fees are waived, regardless of how many classes you enroll in. All other fees charged (i.e. health, student services, parking and technology fees) remain your responsibility to pay. If you have already paid your enrollment fees and qualify for a CCPG, you will receive a refund of the enrollment fees. Refund checks are automatically calculated and mailed by the Tuition Office.

The attached application is for the Summer 2020, Fall 2020, Winter 2021 and Spring 2021 semesters. You only need to apply once per year.

❖ INCOMPLETE CCPG APPLICATIONS WILL NOT BE PROCESSED ❖

❖ A CCPG IS EFFECTIVE AS OF THE SEMESTER THE APPLICATION IS APPROVED ❖

❖ A CCPG CANNOT BE AWARDED FOR A SEMESTER THAT HAS ALREADY ENDED ❖

There are three ways to qualify for a CCPG. You only need to be eligible for one.

**** METHOD A:** Provide documentation of TANF/Cal Works, SSI, or General Relief benefits you receive. If you are considered dependent, you must provide proof of the benefits your parents are receiving. Acceptable documentation includes:

- * Copy of current or prior month's benefit check **or**
- * Current or prior month's bank statement showing direct deposit of TANF/Cal Works, GR or SSI funds **or**
- * Current or prior month's eligibility letter **or**
- * GCC Untaxed Income Verification Form completed by the agency **or**
- * Other official agency verification

Only Method A recipients receive discounted health fees and parking rates.

**** METHOD B:** Provide income and household size information by completing the Method B Enrollment Fee Waiver section of the CCPG application. All income information must be complete and accurate. You may be asked to provide tax returns or other verifying documents.

METHOD C: If you don't qualify for Method A or B, you may qualify for a CCPG under Method C by completing the 2020-2021 FAFSA or 2020-2021 CA Dream Act Application (for AB540 students) and listing GCC (001203) as one of the colleges you want to receive your information.

* The official name for CCPG is California College Promise Grant.

** Students who receive CCPG A or CCPG B may qualify for EOPS. Contact the EOPS Office regarding eligibility.

Federal Pell Grant, Federal SEOG, Federal Work Study, Federal Loans—

GCC participates in federal grants, federal loans and federal work study programs that are available to students enrolled in a college degree, certificate or transfer program. These are all "need- based" programs and eligibility is based on the FAFSA. In addition, students must meet Satisfactory Academic Progress standards and other federal eligibility criteria. Most students must be enrolled at least half-time (6 units), some Pell Grant recipients may qualify for a grant if enrolled less than half time.

CAL GRANT PROGRAM FOR FALL 2020-SPRING 2021

Eligibility is based on the student's 2020-2021 FAFSA and other criteria. Application deadlines are March 2, 2020 and September 2, 2020. The college will submit GPA information for all students who have completed 24 units or more at GCC, of which at least 16 are degree applicable. Students who do not meet these criteria must complete a GPA Verification form and send it to the California Student Aid Commission. There are three types of Cal Grants:

Entitlement Grant: Awarded to all 2019 and 2020 high school graduates who meet the criteria and filed the FAFSA and GPA Verification Form by March 2.

Competitive Grant: Limited number of awards to other students who meet the criteria and apply by March 2 or September 2.

CAL GRANT A—Provides a grant in the amount of tuition and fees at UC & CSU and up to \$9084 at private colleges to students who plan to transfer and who have a GPA of at least 3.0 and meet need and income criteria. Because eligible students already have community college fees waived through the CCPG program, grants are not activated until the student transfers to a 4-year college.

CAL GRANT B—Provides a stipend of \$1672 per year to students who have a GPA of at least 2.0 and meet specific income, need and other criteria. Students who transfer will also receive funds for tuition and fees at UC and CSU and up to \$9084 at a private college. Excess awards may be available for Cal Grant B students with dependent children.

CAL GRANT C—C—Provides awards of up to \$1094 to students in vocational programs. Eligible students will receive a supplemental application form that must be completed and submitted to be considered for an award. Excess awards may be available for Cal Grant C students with dependent children.

THE STUDENT SUCCESS COMPLETION GRANT (SSCG)—The SSCG award provides students with additional financial aid to help offset the total cost of community college attendance, and encourages full time attendance and successful on-time completion.

To be eligible for payment in the fall or winter/spring semester, you must meet all of the criteria detailed below in each semester you expect payment:

1. You must receive a full-time Cal Grant B or C payment. Students choosing to take a Leave of Absence for their Cal Grant will not be eligible to receive payment for the SSCG.
2. To receive \$649 in the fall or winter/spring semester, you must be enrolled in 12-14.99 units per semester
3. To receive \$2,000 in the fall or winter/spring semester, you must be enrolled in 15+ units per semester
4. If you are on Financial Aid Contract, only units from the courses listed on your contract will count toward your eligibility
5. You must meet Satisfactory Academic Progress (SAP) Standards
6. Have unmet need
7. Awarded on funds available basis.

Summer SSCG are awarded on a funds available basis. Students who have received the maximum SSCG amount for fall and winter/spring (\$4,000) are not eligible for summer SSCG. Students enrolling for the summer term will be considered for a summer SSCG payment based on their unit total for the year (completed fall and winter/spring units plus enrolled summer units). Students whose summer enrollment brings their annual unit total to 24-29 will receive a summer payment amount that brings their SSCG annual award amount to \$1,298. Students whose summer enrollment brings their annual unit total to 30+ units will receive a summer payment amount that brings their SSCG annual award amount to \$4,000.

DROPPING OR WITHDRAWING FROM CLASSES

Students who receive financial aid should be aware of the effect of withdrawing from classes. Financial aid is not recalculated for enrollment changes that occur after the financial aid census dates. Students who reduce their enrollment status (withdraw from some but not all units) prior to the financial aid census date may have their financial aid eligibility reduced and may be required to repay funds. Students who drop all units and completely withdraw from the college prior to completing 60% of the semester will also be required to repay a portion of the funds they received. Students who receive all fail (F/NP) grades or a combination of all fail (F/NP) and withdrawal (W) grades for the term are considered to have unofficially withdrawn and the withdrawal date used in the return calculation of a student's federal financial aid will be the midpoint of the semester. We encourage you to consult with the Financial Aid Office prior to withdrawing from classes.

SATISFACTORY ACADEMIC PROGRESS REQUIREMENTS

Students applying for financial aid are required to meet federally required academic progress standards. Students who do not meet the following standards will be disqualified from financial aid eligibility:

1. Grade Point Average (GPA)—Students must maintain a 2.0 GPA.
2. Maximum Units—Students who do not complete a degree or transfer program within 90 attempted units or a certificate within 45 attempted units are not considered to be making satisfactory academic progress and are disqualified from financial aid.
3. Satisfactory Academic Progress—Students must successfully complete at least 67% of units in which they enroll. Courses in which a grade of F, W, NP, or EW is earned are not considered to be successfully completed.

SAP Warning and Dismissal

Students' compliance with Financial Aid Satisfactory Academic Progress Standards is measured each term. Students who are warned that they are in danger of not meeting one or more of the Financial Aid Satisfactory Academic Progress standards must meet the standard(s) by the end of the semester in order to remain eligible for financial aid. Students not meeting this standard after the "Warning" semester are placed on SAP Dismissal and are no longer eligible for financial aid.

Appeal Process:

Students may appeal a financial aid disqualification if the failure to meet the standard was due to mitigating circumstances. Mitigating circumstances may include illness, a change of major or other circumstances beyond the student's control and must be documented. Students are notified in writing of the outcome of their appeal.

Please note: Appeals to Count the Higher Grade and for Academic Renewal may impact your financial aid eligibility. Please consult a financial aid advisor if you are pursuing one of these appeals.

Students who are placed on Academic Dismissal by the College are not eligible for financial aid. There is no Financial Aid appeal process for this status.

See the Catalog or Financial Aid Office website for additional information.

Students may proceed in high school diploma courses at a pace commensurate with ability. Students will be expected to attend class regularly and for the hours scheduled for the course.

(2) Credits toward a diploma of high school graduation may be earned in other accredited secondary schools and transferred to the Glendale College Continuing Education Division. No credit will be granted for correspondence or extension courses where the examinations have not been monitored or proctored by acceptable school officials, teachers or librarians.

(3) Credits may be granted for work achievement having educational value provided the individual has been employed for a year or longer by the same employer in an activity which would be considered equivalent to, or parallel to, some high school subject. Original letters from the employer are submitted verifying the dates and length of employment, detailing the nature of the work performed and rating the quality of the work completed. Not more than 10 semester hours of unduplicated work achievement credit may be counted toward high school graduation.

(4) Credits may be granted for regular training courses completed at a military base during a term of military service, based on the recommendations of the American Council on Education, and for approved courses completed with the United States Armed Forces Institute.

(5) Credits earned at Glendale Community College or at any other accredited college may be converted into high school credits, by petition, at the rate of three college units for 10 high school credits.

(7) Neither college nor high school courses that have a content the same as, or are of a lower level than, courses already taken and passed in the same subject area may be taken for high school credit. If there is any question regarding the acceptability of a course, the student is to confer with a counselor or the Administrator of Continuing Education. High school credits may not be earned through repetition of a subject for which credit has been granted previously.

PARKING PERMITS

Parking on the GCC campus requires a permit 365 days a year. You are required to display a parking permit while parked on campus. If you are unable to purchase a semester permit, daily permits are available from the Pay and Display machines at the entrance to the GCC parking structure or you may pay the meters and park in the city parking lots. Parking is not free and there are no grace periods. Parking permits are ALWAYS REQUIRED. If you do not display a parking permit, you are subject to citation.

Garfield Campus does not require parking permits.

DAILY PARKING PERMITS

- If a Pay and Display machine in the area you have parked is inoperable, it is the responsibility of the purchaser to find an alternate Pay and Display machine which is operational in order to purchase the required parking permit.
- Permits are not transferable from person to person, and are valid only for the day printed on the daily permit.
- Guests who are attending special events at the college are required to purchase and display a valid daily parking permit, or guests may choose to park in Lot F or the city lots and pay the meters.
- Students are encouraged to purchase a daily permit during the first week of the semester or intersession to allow time to purchase a semester parking permit. Daily permits are valid for the day posted on the daily permit.

Daily parking permits are available for \$3.00 at the entrance to the GCC parking structure from the Pay and Display machines (there are five machines on the outside of the structure). The Pay and Display machines accept quarters and credit/debit cards. Daily permits must be displayed face-up, on the driver's side of the vehicle's dashboard and be clearly visible. The daily permits are valid for the entire day/evening in Lot 30, Lot B and the upper four floors of the GCC parking structure (Levels 3-6) during the week, Monday-Friday. On weekends, the daily permits are valid in Lots B or C. Vehicles not displaying a permit properly are subject to citation. Parking will be enforced seven days per week including holidays.

SEMESTER PARKING PERMITS

Student semester parking permits are honored in Lot B and the upper four floors of the parking structure (Levels 3-6) as well as the city parking Lots 30, 31, 32, 33, 34, and the Civic Auditorium Parking Structure. A student will not have to pay the parking meters in the city parking lots if he/she purchases and displays a valid student (semester) parking permit; however, the student is only allowed to park in the city parking lots for the specified time that is designated for each lot. Signs in the lots specify the hourly limit. Check posted signs for restrictions. **STUDENT PERMITS ARE NOT VALID FOR STREET PARKING.** Many streets in the area surrounding the school are "Resident Permit Parking Only". Do not park in restricted areas, you will be subject to citation, and your vehicle may be towed. Permits are not valid at street meters unless indicated by posted sign. The permit is valid from 6:00 a.m. to 11:00 p.m. daily.

Purchasing a semester parking permit does not guarantee a parking spot and previous semester permits are not valid in any lot. Permits are not transferable from person to person; however they may be used in other vehicles which the student uses.

STAFF AND FACULTY PARKING PERMITS

Faculty and staff must park in their assigned lots; however, they may also park in Lot C for overflow. Staff and faculty must display a valid parking permit at all times while parked on the Verdugo Campus of GCC or at the Garfield Campus. Permits are not transferable from person to person; however they may be used in other vehicles which the staff or faculty member uses.

MOTORCYCLES

Motorcycles, mopeds, and motorized scooters must be parked in designated motorcycle parking spaces only. These designated spaces are located next to the track at Sartoris Field, in Lot F, or at the north end of City Lot 32. Motorcycles, mopeds, and motorized scooters must display a motorcycle sticker permit while parked on GCC campus. Owners should contact College Police Department to obtain a sticker permit.

DISABLED PLACARDS OR DISABLED PERSON'S LICENSE PLATES

Disabled placards and/or disabled person's license plates issued by the Department of Motor Vehicles (DMV) allow the vehicle to be parked in any parking space on GCC properties to which the driver has access. However, parking may be restricted and prohibited for special circumstances such as board meetings, public safety access and emergencies, special events, training, and executive level assigned parking. Additionally, parking in red zones, blocking driveways, blocking roadway access, and blocking evacuation routes is prohibited. Designated disabled spaces are located throughout the campus in student and staff lots. A valid GCC parking permit, as well as a valid Disabled Placard or Disabled Person's License Plate, is required to park on the GCC campus. Vehicles with Disabled Placards or Disabled Person's License Plates may park free of charge in any metered parking spaces as long as the Disabled Placard and/or Disabled Person's License Plates are displayed. Metered parking spaces are located in Lot F on the campus, off of Towne and Verdugo Road as well as in the city parking lots.

POLICE AND SAFETY SERVICES

EMERGENCY TELEPHONE EXTENSION!

Dial 4000 from any campus telephone or direct dial (818) 409-5911

EMERGENCY CALL BOXES

Emergency Call Boxes (ECBs) are located in, or adjacent to, several campus parking lots. They are connected to the Police Department Communications Center by hard wired phone lines, and each one emits an identifier code that alerts the Police Dispatcher of the location of the box being activated. It is important for campus community members to learn the locations of ECBs, especially those located along frequently traveled campus routes (maps are available at the police station, which denote the locations of ECBs). To use the system:

1. Follow the instructions on the box.
2. When the button is pushed and the ECB is activated, it immediately alerts the Police Dispatcher that someone has activated the ECB. Wait for the

Dispatcher to contact you. You may then speak into the box as if you are using a speaker phone.

3. If for any reason you are unable to talk into the ECB, you can summon assistance by just pushing the button and waiting next to the ECB. College Police personnel are dispatched to the ECB each time it is activated.

Additional services provided by the College Police Department:

- Lost and found: 7 a.m. to 7 p.m., Monday through Thursday, 7 a.m. to 5 p.m., Friday
- Escorts (Verdugo Campus and off-campus sites)
- Vehicle jump-starts

HARASSMENT POLICY

Board Policy 3430 PROHIBITION OF HARASSMENT

All forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence. It shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or because he or she is perceived to have one or more of the foregoing characteristics.

The District seeks to foster an environment in which all employees, students, unpaid interns and volunteers feel free to report incidents of harassment without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of harassment or for participating in a harassment investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student, employee, unpaid intern or volunteer who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AR 3435 Discrimination and Harassment Investigations. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

This policy applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

To this end the Superintendent/President or designee shall ensure that the institution undertakes education and training activities to counter discrimination and to prevent, minimize and/or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.

The Superintendent/President or designee shall establish administrative regulations that define harassment on campus. The Superintendent/President or designee shall further establish regulations for employees, students, unpaid interns, volunteers and other members of the campus community that provide for the investigation and resolution of complaints regarding harassment and discrimination, and procedures for students to resolve complaints of harassment and discrimination. All participants are protected from retaliatory acts by the District, its employees, students, and agents.

This policy and related written regulations (including the regulation for making complaints) shall be widely published and publicized to administrators, faculty, staff, students, unpaid interns and volunteers particularly when they are new to the institution, as required in Education Code 66281.5. They shall be available for students, employees, unpaid interns, and volunteers in all administrative offices, and shall be posted on the District's website.

Employees who violate the policy and regulations may be subject to disciplinary action up to and including termination. Students who violate this policy and related regulations may be subject to disciplinary measures up to and including expulsion. Unpaid interns who violate this policy and related procedures may be subject to disciplinary measures up to and including termination from the internship or other unpaid work experience program.

For more information on Board Policy 3430 please contact the Vice President, Human Resources at 818-240-1000, ext. 5165, or check online at www.glendale.edu.

ACADEMIC FREEDOM POLICY

Board Policy 4030 ACADEMIC FREEDOM

The Board of Trustees of Glendale Community College affirms that institutions of higher education are conducted for the common good and not to further the interest of either the individual faculty member or the institution as a whole. The common good depends upon the free search for truth and its exposition.

Academic freedom is essential to these purposes and applies to all disciplines. Freedom in research is fundamental to the advancement of truth. Academic freedom in all disciplines is fundamental for the protection of the rights of the faculty and the student. It carries with it duties correlative with rights, regardless of employment status.

The academic community "is a questioner, a worrier, a critic, and idealist, seeking a better way toward human aspiration and fulfillment." Academic freedom is essential for the maintenance of excellence in education, and moreover, exists so that society may have benefits of objective and independent criticism, and honest answers to scientific, social and artistic questions that might otherwise be withheld for fear of offending an influential social group or transient social attitude. Accordingly, there shall be no adverse consequences to employment status (hiring, promotion, and retention) as a result of expressions protected by academic freedom.

Academic Freedom

Faculty members are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

Faculty are entitled to freedom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter which has no

relation to their subject. College faculty are members of a learned profession, and officers of an educational institution. When they communicate as individuals, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As scholars and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times be accurate, should exercise appropriate restraint, should show respect for the Glendale Community College District, opinions of others, and should make every effort to indicate that they are not speaking for the institution.

Faculty are entitled to due process, where applicable under the provision of the Guild contract, and where applicable under the Grievance Procedure as conducted under the provisions of Board Policy 4050.

Academic Responsibility

Membership in the academic community imposes on students, faculty members, and administrators an obligation to respect the dignity of others, to acknowledge their right to express differing opinions, and to foster and defend intellectual honesty, in instruction and counseling, and expression on and off campus. In addition, faculty are responsible for but not limited to policies and procedures defined in board policy, administrative regulations, and the employment contract between the district and the Guild.

Students are entitled to an atmosphere conducive to learning and to even-handed treatment in all aspects of the faculty-students relationship.

Board Policy 4030 ACADEMIC FREEDOM can be found online at www.glendale.edu.

STUDENT GRIEVANCE POLICY

Student Grievance Procedures

Glendale Community College is committed to providing a prompt and equitable means of resolving student complaints against actions taken by the college and its employees. Students may elect to pursue a grievance if they believe a college decision or action has adversely affected their status, rights, or privileges as students.

What can a student grieve?

Students may file grievances against actions by GCC employees in areas including, but not limited to the following: the exercise of rights of free expression; violation of published GCC rules, Board policies, and administrative regulations; and final grade assignments and other academic decisions.

Non-Grade Complaints

A student may address a complaint about an action taken by a college employee that does not involve course grades through the grievance process. Informal meetings and discussions between persons directly involved in a non-grade grievance are essential and encouraged at all stages of the dispute. If the grievance cannot be resolved directly with the involved employee, the student may request a meeting with the appropriate administrator/manager or division chairperson who shall attempt to resolve the issue informally.

If no informal resolution is reached with the administrator/manager or division chairperson that is satisfactory to the student, the student may submit a written complaint and request for a conference with the appropriate senior GCC administrator as follows:

- Instructional Services employees: Vice President, Instructional Services or designee
- Student Services employees: Vice President, Student Services or designee
- Administrative Services employees: Vice President, Administrative Services or designee
- College administrators: Superintendent/President or designee

The senior administrator shall attempt to settle the grievance through mediation, negotiated agreement, or another mutually acceptable resolution. Final outcomes or resolutions will be communicated to the involved parties after the conclusion of the grievance process.

Grade Appeals

The grade appeals procedure provides a means of resolving a student's dispute of an academic decision or final grade for a course. Students are entitled to an informal review and explanation of their grades by instructors who are obligated to provide such a review. However, students may only appeal a

grade if they are prepared to carry the burden of proving one or more of the following conditions as specified by law:

- A mistake in the assignment of the grade or in the process of its recording
- Fraud
- Bad faith
- Incompetence

A student must file a grade appeal with the instructor within the next regular semester (as specified in the applicable class schedule) following the award of the original grade. The student is expected to make a reasonable effort to resolve the matter on an informal basis with the instructor. If the grade appeal cannot be settled informally then the student may request a meeting with the appropriate division chairperson who will attempt to resolve the grievance.

If the division chairperson cannot resolve the grade appeal then the student may request a conference with the appropriate dean. The dean will attempt to resolve the grade appeal through compromise, negotiated settlement, or a recommendation that is satisfactory to the student and instructor. If the dean is unable to resolve the complaint and the student wishes to continue the grade appeal process, the student may submit a written request for a formal grade appeal hearing to the Campus Judicial Board.

The Campus Judicial Board will conduct a closed hearing and based on the examination of supporting documents and testimony may take the following actions: 1) accept the formal grade appeal and recommend an administrative grade change; 2) reject the formal grade appeal; and 3) make related recommendations as appropriate. The Campus Judicial Board will issue a written decision that determines if the student established a rationale for a grade change according to applicable laws and includes recommendations for the relief, if any, that should be afforded to the student. These findings are then submitted to the Superintendent/President for a final review.

After reviewing the report of findings and recommended actions from the Campus Judicial Board, the Superintendent/President will issue a written decision to the involved parties. The Superintendent/President's decision shall be final and binding in all formal grade appeal hearings.

Where can a student get a copy of the GCC student grievance procedures?

Copies of Board Policy 5530 regarding student grievance and procedures can be obtained from a division chairperson, the Dean of Student Affairs, the Dean of Instructional Services, the Dean of Student Services, and the Dean of Admissions and Records. Additionally, students may access these regulations on the GCC web site at www.glendale.edu.
