

EOPS/CARE New Student Orientation

LET'S **GET** GOING @GCC?

GLENDALE COMMUNITY COLLEGE

EOPS History

- In 1969, SB 164 (urgency legislation), authored by Senator Alquist, was enacted into law. It expressed intent to encourage California Community Colleges to establish programs and services directed to the identification, recruitment, retention and intellectual and vocational stimulation of students affected by language, social or economic disadvantages.
 - Important social events and issues of the sixties may facilitate an understanding of the political climate in which SB 164 was born.
 - Acute observers began thinking of ways to EQUALIZE OPPORTUNITIES.
 - Beginning in the mid-sixties, there were many student-led protests on college campuses.
- In 2019, EOPS celebrated 50 years of activism, social justice and student success.
