Happy Holidays: Halloween
All day on Instagram - Tag @GCC_ISO!

Halloween falls on October 31 because the ancient Gaelic fall harvest festival of *Samhain* occurred on this day. It was believed that the boundary between this world and the next became especially thin on Halloween night (or *All Hallows' Eve*), enabling living people to connect with the dead. Today, Halloween in the US is celebrated by dressing up in costume and taking the kids “trick or treating” for candy in the neighborhood. [Show us how you're celebrating by tagging us on Instagram @GCC_ISO!](#)
