

**Glendale Community College
Institution-Set Standards for Programs
2020**

ACCJC requires colleges to establish programmatic institution-set standards for job placement rate ("For every CTE program: The number of students who are employed in the year following completion of a certificate program or degree, over all certificate program or degree completers.")

"An institution-set standard of the expected performance level for this measure [job placement rate] is required. The expected performance level may be the same across all CTE programs or differ between programs. In either case, the levels are set by the institution. The definitions of those measures should be relevant and appropriate for the aspect of student achievement being monitored. The level of performance identified as the institution-set standard for that measure should be appropriate within higher education expectations, reflective of appropriate differences between programs, if applicable, and should provide guidance for institutional decisions and actions to improve student achievement."

Source: ACCJC Manual for Institutional Self-Evaluation, October 2015

Active programs updated 3/18/2020 based on 2019-2020 Catalog

TOP codes updated 3/27/2019 based on COCI 2.0 download ("COCI-Program-Export-2019-03-27 for Matching Programs with TOPs.xlsx")
