

Glendale Community College District

**6960**

Administrative Regulation

**TREE REPLACEMENT POLICY**

Trees that are diseased or damaged and need to be removed shall be replaced under the following considerations:

1. Donations of a replacement tree should be considered whenever possible.
2. The current site will be evaluated to determine if it is appropriate for a replacement. Unfavorable conditions will be considered.
3. The replacement tree will be appropriate for the location.
4. If purchased by the District, standard tree replacement size will be a 15 gallon container.

Board Policy:

None

Adopted: 6/16/09
