Notary Public Seminar Livestream

Whether you want to boost your income, create a new job opportunity, provide a service to your community, or increase your value to your current employer, this is the perfect opportunity. Successful Notaries are valuable in almost any industry: real estate, legal, medical, and banking to name just a few. This livestream seminar is designed specifically for virtual learning, and responds to the current demand in the field. You will be ready to take the official notary exam and practice as a safe and effective notary. Students are eligible to access our private Facebook page to ask questions, watch webinars and receive updates.

The Official Notary Exam will take place at a separate location, and completion of this class entitles students to take the Official Notary Public Exam for up to 2 years after class completion, and to repeat the class free of charge for one year. A Proof of Completion for educational requirements will be issued in class. Use this link to view the schedule for in-person testing in California. It is recommended that students register for a test date, time, and site prior to registering for a class, as test dates do sometimes fill. Testing information is updated regularly and larger counties offer multiple test dates and times each month. Walk-ins are welcome, although do not guarantee a seat: https://www.cpsr.us/notary/exam_registration.php

Must be at least 18 years of age. A serious conviction may disqualify an applicant. Register for the official notary exam 15 days in advance or be a walk-in candidate. A \$20 material fee is included in the registration fee. Please visit our website for state notary exam document & fee requirements.

Pharmacy Technician Training Program

Online for 2021

Why wait to begin training for a rewarding career as a pharmacy technician?

The pharmacy technician program at Glendale Community College takes a unique approach by combining online training and classroom training!

Unlike self-paced, online programs, GCC's pharmacy technician program is taught in real-time by a live instructor in a virtual classroom using Zoom technology. This 260-hour program covers topics such as pharmacology for technicians, pharmacy law and regulations, sterile and non-sterile compounding, quality assurance, and medication safety. Most pharmacy technician skills will be taught virtually. A classroom lab day has been scheduled at the end of the program to give students the opportunity to learn sterile and non-sterile compounding.

Program includes a 120-hour externship where you will receive hands-on training in a pharmacy under the direction of a pharmacist. Upon successful completion of the Pharmacy Technician program, you will be eligible to apply for your California Pharmacy Technician License.* Students must purchase a required textbook. Attend the FREE orientation for more information.

Program at a Glance Our program provides instruction in the following essential areas: • Screening prescription orders for accuracy and completeness • Preparing prescriptions – retrieve, count, pour, weigh, measure, and sometimes mix the medication • Performing calculations • Using technology to help maintain accurate patient records, prepare & package medications and place orders • Understand the effect of medications on the body • Identifying the use, dosages and purposes of medications

Career Opportunities Graduates of this program may find career opportunities in the following areas: • Retail, Hospital, and Mail-order Pharmacies • Drug Companies • Education (PT instructor)

Pre-Requisites: You must be 18 years of age or older and have a High School diploma or equivalent (GED or HiSet); be proficient in keyboarding; understand computing and word processing; have good English language skills and Math skills. Must also have internet access, printing capabilities, and an email address. A clean background check is necessary for licensure in CA.

*This program fulfills the education requirements of the California Board of Pharmacy (Business and Professions Code Section 4202) for pharmacy technician licensure.

SEWING

Introduction to Sewing

Whether you're new to sewing or looking to start again, this is the class for you. You will learn how to thread and use your sewing machine, distinguish different types of fabric, prepare fabric for sewing, sew basic seams, and become familiar with sewing tools and supplies. By the end of this 4-week class, you will make a tote bag and a pair of pajama pants. For the online class, please have a working sewing machine and instruction manual. Your instructor will provide a link to an online pajama pant pattern and a basic sewing kit. If you have them, use your own scissors, seam ripper, tape measure, straight pins, and marking pencils or chalk. Students will need 1/2 yard of fabric for the tote bag and approximately 2 1/2 yards for the pants. Old sheets and pillowcases are excellent choices for this fabric.

Introduction to Voiceovers

"Wow, you have a great voice!" Have you heard that more times than you can count? Or maybe you listen to your favorite audiobooks, commercials, or cartoon characters and think, "I could do that!" If so, then you could have what it takes to begin working as a professional Voiceover Artist. Explore the voiceover industry with your instructor, a professional, working voice actor from the voice acting training company, Voices For All, in a one-on-one, personalized, video chat setting. Discover the current trends in the industry and how they make it easy and affordable for just about anyone to get involved. In this one-time, 90-minute, introductory class, you'll also learn about the different types of voiceovers and the tools you'll need to find success. And then...we're rolling! Your instructor will record you as you read a real script, then offer you some coaching so you can improve your delivery. Your instructor will take notes on your performance so you can receive a professional voiceover evaluation later. After the class, you will have the knowledge necessary to help you decide if this is something you'd like to pursue. Check out the video at [http:// www.voices-forall.com/ooo](http://www.voices-forall.com/ooo) to get a better sense of how the class works. 18 and over. You owe it to yourself to finally explore the possibilities of this fun and rewarding field!

Looking for a way to work from home? One-on-One Online Class. This fun and empowering 90-minute introductory workshop, taught by a professional voice actor, covers the different types of voiceovers as well as what tools are needed to find success in the industry. Your instructor will coach you in this one-on-one video chat setting as you read from real scripts; and later will provide a professional voice evaluation. Note: Students must have internet access and a webcam. Schedule your class when convenient! Session information provided upon registration.
