VI. Report of President/Student Trustee - Diana Morales

- Good morning everyone, I just want to say I'm excited to see who our new senators and Vice Presidents are. The exec team and I have decided to meet on Sunday to make our final descisions. On Wednesday I met with Rosableaa and Nareh and we discussed some events such as the welcome week and sporting events. We also talked about the incentives program and how we can keep track of students attending events such as giving them specific codes or a survey.

VII. Report of Administration Committee - Nareh Pirjanian

- Good morning everyone, I hope you all had a good week, Now that the interviews are wrapping up we can all relax a bit. This week has been stressful with school and work and I would really appreciate it if you can help me with the orientation powerpoint for our incoming members. I was hoping each of the VP's can send in a

bullet-pointed list of things such as what you learned in your committee, the time commitment, etc.. this is so that the incoming members have a better understanding of the committees.

VIII. Report of Finance Committee

IX. Report of Activities Committee - Rosabella Naldzhyan

- Good morning everyone, I have pretty much finalized the welcome week events that ill be hosting at GCC. Now I have to start getting my budget together which is my main task to ensure there is enough for what I have planned. I have also been working on the incentives program and currently, it's still in the early stages but with the help of Diana we came up with the name VIP which stands for Vaquero Incentives Program. I am also waiting to find out if the athletic events will be in-person to finalize my plans for that.

X. Report of Relations Committee - Rachelle Gilbuena

- Good morning, like everyone said today is our last day of interviewing it was a fun experience that I learned a lot from. I reached out to the Pride Center, Transfer Center, and scholars as well as all the other clubs about the ASGCC time slots because we've been trying to promote the interviews more. I have gone onto the website and I'm going to be updating the club pages because we will be having a lot of new clubs this semester. Ive also contacted all the clubs to set up meetings and discuss how we can promote their social media platforms. Im also planning on uploading some more pictures into the website from during covid and student life of the students who are attending in-person classes.
