PREPARED BY: Amir Nour, Controller

SUBJECT: TRANSFER FROM THE UNRESTRICTED GENERAL FUND (01) TO THE RESTRICTED GENERAL FUND (03) – FOR FUTURE PAYMENTS OF OTHER POSTEMPLOYMENT BENEFITS OBLIGATIONS (OPEB)

DESCRIPTION OF HISTORY / BACKGROUND

In addition to retirement pension support through CalPERS, CalSTRS, and Social Security contributions, Glendale Community College provides “other postemployment benefits” (OPEB) as part of the total compensation for its employees. At GCC those OPEBs include Early Retirement Health Benefits and Supplemental Medical Coverage. Presently there are 264 retired employees receiving these benefits at an approximate annual cost to the District of \$447,690. Prior to 2015, the cost of these benefits for retirees was financed annually and no provisions were in place to set-a-side money for required future payments.

Starting in 2015, the college developed a formula to provide a designated amount of funds annually to place in a restricted fund to help cover future costs of postemployment benefits. Biennially the college conducts an actuarial valuation of potential retiree benefit costs. The most recent valuation was identified as \$19 million of unfunded liability after the District total contributions of \$12,680,826 since its inception.

GASB 45 Funding Policy set aside, a minimum of \$50,000, 50% of all mandated cost reimbursement, excluding Health center, and an additional \$200,000 if Unrestricted Ending Balance is greater than 6% every fiscal year. The funding formula calls for the District to place \$452,843 in a Restricted General Fund reserve for the 2020-21 fiscal year. This resolution will make that transfer.

COMMITTEE HISTORY

College Executive Committee September 7, 2021

The District started prefunding the OPEB on 10/07/2015:

INFORMATIONAL REPORT NO. 3

TO: Board of Trustees
SUBMITTED BY: David Viar, Superintendent/President
REVIEWED BY: Michael Ritterbrown, Vice President, Instructional Services
PREPARED BY: Edward Karpp, Dean, Research, Planning, and Grants
SUBJECT: ENROLLMENT UPDATE

DESCRIPTION OF HISTORY / BACKGROUND

California community colleges' apportionment revenues from the state are based on the enrollments of resident students. Enrollments are converted into Full-Time Equivalent Students (FTES) numbers for apportionment reporting. The attached report includes updated enrollment numbers and projections.

One FTES, whether credit or noncredit, is defined by state regulations as 525 hours of student contact. Most credit courses use a weekly accounting method: They meet the same number of hours every week, and apportionment is based on a calculation of hours per week times number of weeks divided by 525. Credit courses shorter than a full semester (such as 8-week courses, or Summer and Winter courses) use an analogous daily accounting method. Both weekly and daily courses use a census date to determine enrollments and FTES.

All noncredit courses and a small number of credit courses use positive attendance accounting, which is not based on enrollment and class sessions per week but rather on the actual hours that students attend class. Each student's attendance is tracked for every class session. The total number of attendance hours is divided by 525 to calculate FTES based on positive attendance. FTES based on positive attendance is more difficult to project than FTES based on weekly or daily accounting because students' actual attendance must be tracked every day, rather than using a defined census date.

Due to the COVID-19 emergency, the Chancellor's Office has approved alternative positive attendance methods for classes held through distance education. The table included here shows actual FTES rather than FTES calculated by this method.

TO: Board of Trustees
SUBMITTED BY: David Viar, Superintendent/President

SUBJECT: ADOPTION OF 2021-2022 BUDGET

DESCRIPTION OF HISTORY / BACKGROUND

IMPACT OF BUDGET INITIATIVES

Fiscal Year 2021-22

A 2021-22 Budget must be approved by the Board of Trustees by September 15, each year as required by state law. The Budget presented for First Reading reflects preliminary projections for both revenue and appropriations as work continues to close out expenditure accounts for 2020-21. A detailed analysis was presented during the Board of Trustees Summer Retreat on July 30, 2021 and there continue to be discussions within the college governance processes and updates included as new information is available in preparation for a final budget to be presented for further Board of Trustee discussion and action. The Final Budget will be recommended to the board for adoption at its September 14, 2021 meeting.

The 2021-22 GCC Budget is based on the appropriations for community colleges contained in the State Budget approved July 2021. The GCC Unrestricted General Fund, which accounts for approximately 90% of the revenues used for the college's primary operating costs, is a best estimate of how the State's budget will affect college revenues.

SUMMARY OF BUDGET IMPLICATIONS

Highlights of the draft 2021-22 budget are as follows:

- 1) **General Revenues:** 2021-22 general revenues are composed of base apportionment ~ \$97.5M, COLA 5.07% ~ the Cost of Living Adjustment. This is an increase of approximately \$4.7M in apportionment. This is significant given GCC's automatic step and column and operational costs continue to increase.

- 2) **Non-Resident Tuition:** International Student Tuition revenue is projected to be \$3.7M. This adjustment is supplemented by HEERF funds. This action is necessary in order to reflect the effect of the current enrollment and federal policy trends.
- 3) **Enrollment:** GCC enrollment is trending down between 5% and 8%. If this trend continues, it could result in loss of revenues for GCC when the statutorily established hold harmless provisions during the phase-in of the new state funding formula ending with the 2024-25 fiscal year.
- 4) **Lottery Revenue:** Adjusted to reflect the Chancellor's budget projection \$3.1M.
- 5) **Parking Revenue:** Adjusted to reflect the trending decline in permit purchases \$650K
- 6) **Salary and Step and Column:** Is adjusted to reflect the effect of the Supplemental Retirement Plan.
 - i) **Step and Column Increases (approx. \$750,000):** Step and column increases are the annual pay increases for all employees as they move to a higher step or range on the salary schedule. This shows approximately 44.6% of faculty, 32.7% of classified staff, and 22.7% of administrative staff receiving an increase in compensation prior to any possible adjustment in the salary schedule as a result of collective bargaining.
- 7) **Benefits and Workers Compensation:** \$1.2M
- 8) **Health and Wellness Benefits:** The Health and Wellness committee, in collaboration with Administration, approved Blue Shields' offer to reduce their rates for 2021-22. Beginning in 2021-22 a cost decrease to \$10.7M is estimated to account for a new rates agreement. However, discussion for a JPA option continues, which if implemented could result in a savings of at least \$1 million in the 2021-22 year and \$2 million in succeeding fiscal years.
- 9) **CalPERS and CalSTRS:** The State budget establishes an estimated employer liability expense of approximately \$11.1M.

Budget and Projections

The following chart shows the revenues and expenditures included in the draft 2021-22 budget and projections for the next four years. These figures do not include the costs of hiring new and replacement positions or increases in the salary schedule which are to be negotiated.

Final Budget – Expenditure Mitigation

As GCC continues to aggregate information to compile the final budget for the 2021-22 fiscal year it should be noted that actions have already been taken to develop a budget that will continue to move the District toward a strategic goal of a balanced budget. The budget shows a surplus of approximately \$6.0M. The uncertainty of resources during this crisis will present new challenges for the District in terms of cash flow and potential deficit spending.

Over the past several years the District has engaged in actions to reduce operational costs and increase revenue. Through collaborative efforts with our collective bargaining colleagues the District was able to reduce the food services losses by approximately \$250,000 per year. Another mitigation example is illustrated by out of the new Starbucks. However, the previous fiscal year goals were hindered by the pandemic. Further, the district engaged in a supplemental retirement plan that caused over 40 operational positions to be vacated. Some of these positions are being considered to be filled in the 2021-22 budget year.

The budget, however, will present the General Funds detail that will be contained in the budget book and its relevant impact on the District's operations.

Medical Insurance: Joint Powers and Authorities Agreement (JPA): In November 2019, GCC began the initial process of exploring the opportunity to pursue joining a JPA in an effort to curb its increase in medical insurance costs. The effort to reduce operational costs in various areas began years before, however, the opportunity to make a significant impact on structural costs associated with medical insurance became a priority as we observed the increases year over year.

GCC has been engaged in discussion with Self-Insured Schools of California (SISC) which is a well-known and respected (JPA). Over the past several months GCC has engaged all collective bargaining groups and administration in discussion via town halls and frequent meetings with the Health Wellness and Benefits Committee. SISC quotes will reduce the year over year costs of GCC's medical insurance by approximately \$2.2 million.

The discussion concerning the move to SISC is ongoing. Therefore, the above Budget and Projections table does not include the costs reduction that could be gained by GCC adopting the JPA. However, we have projected any costs increases or reduction based on GCC's current medical insurance provider.

Human Capital Resources and Labor Costs: Over the years the operational needs of the District have changed. The administration has been engaged in various studies to determine the necessary reorganizational changes that will create a sustainable and effective learning environment for years to come.

The changes due to retirements and decline in fiscal resources to hire has led to District colleagues taking on additional burdens in continual support of the various departmental needs.

At the direction of the Superintendent/President, the EVP/VPs have engaged in the work of identifying positions that should be considered for hiring over the next academic year. These positions have been compiled in collaboration with various cross functional hiring allocation committees that consist of colleagues from constituency groups throughout the District. The projected cost for these positions is approximately \$4.6 million.

The discussion concerning which positions should be prioritized is ongoing. Therefore, the increase in costs is not included in the analysis.

Full Time Faculty: The State budget includes an allocation of \$100 million for the purpose of hiring full-time faculty. GCC's allocation of the \$100 million is approximately \$1.1M. The State goal is to help local community colleges increase the number of full-time faculty hired to serve the students and mission of the colleges. Two measures of colleges' progress in fulfilling this goal is through the full-time faculty obligation number (FON) and the 75/25 goal. The FON is normally directly correlated with the increase/decrease of Full Time Equivalent Students (FTES). The 75/25 goal is used to ensure that 75 percent of the hours of credit instruction are taught by fulltime faculty.

Another Full-Time Faculty matter is the 50% Law.

“The Fifty Percent Law requires all community college districts to spend at least half of their “Current Expense of Education” for “Salaries of Classroom Instructors.” Education Code Section 84362 and the implementing regulations in the California Code of Regulations title 5, section 59200, et. al., provide for exemptions under certain circumstances” COVID-19 Expenditures are exempt from the fifty percent law computation through June 30, 2021. Education Code section 84363 allows for an exclusion of any expenditures incurred during a state or local declared emergency related to the COVID-19 pandemic that are not otherwise normal expenditures that would have been incurred.

GCC’s 50% Law ratio has fluctuated between 52.51% and 50.02% (2019-20) over the past few years. Since, the 2020-21 academic year is in the process of reconciliation and closure, compliance with the 50% Law ratio is undetermined. However, it should be noted that the Supplemental Retirement Plan and other retirements throughout the past academic year could have a significant effect on the ratio.

With these new monies, GCC will focus its efforts to ensure the 50% Law ratio is continually in compliance, the college remains above its required FON, and that progress is made toward the 75/25 goal.

Higher Education Emergency Relief Funds (HEERF): There have been three HEERF allocations over the last academic year. The governing language has allowed GCC to leverage these resources to support faculty, staff, administrators, and most importantly its students. These monies are currently scheduled to be used until May 2022. All HEERF related funds have been combined to follow the current release of Frequently Asked Questions (FAQ) by the Department of Education. One such FAQ:

26. Question: Can my institution use ARP or other HEERF institutional grant funds to discharge student debt or unpaid balances to their institutions?

Answer: Yes. Institutions may discharge student debt or unpaid balances by discharging the complete balance of the debt as lost revenue and reimbursing themselves through their HEERF institutional grants or by providing additional emergency financial grants to students (with their permission). The Department strongly encourages institutions to discharge such debt. The following examples are listed to provide guidance to institutions on handling these situations:

The Cash Flow analysis shown in the Budget and Projection table illustrates GCC’s plan to leverage the funds to remove student debt and support revenue losses.

Please note: The 2020-21 fiscal closing is in progress, thus cash flow beginning balances will change.

GCC Budget Cautions

The primary concern with the Final Budget is enrollment. The College's enrollment is in decline. However, there are several programs that have been implemented, such as guided pathways and dual enrollment. In addition, the SCFF plan allows for a hold harmless period ending in 2024-25. This period will allow time for the college to analyze its operational services to adjust to the new funding levels.

The College apportionment is no longer being allocated using a base of FTES alone. Therefore, the College will need to continually restructure its growth projections to include all three new SCFF funding formula metrics to maintain its base funding level and to increase it. If it does not, the college's apportionment funding will be reduced. In preparing the development of the 2021-22 budget, the College anticipates continual modifications to the new formula by the California Community Colleges Chancellor's Office. The fiscal planning process continues to focus on long-term sustainability using a five-year projection model as the college must restructure its apportionment projections to include enrollment, student poverty, and student success metrics over the next three years to assure a stable fiscal position.

Executive Vice President, Administrative Services

PREPARED BY: Amir Nour, Controller

TRANSFERS: HEERF - LOST REVENUES

DESCRIPTION OF HISTORY / BACKGROUND

The historic passage of the American Rescue Plan – a \$40 billion investment in higher education - is a victory for our nation's students and colleges. Meeting the academic needs of our students, while also ensuring the safety and well-being of all members of the campus community.

The American Rescue Plan will provide institutions of higher education with the financial support and resources needed to mitigate challenges brought on by the COVID-19 pandemic. The pandemic has exacerbated the inequities within our educational system.

At the close of 2020-21 school year, with the approval of the governing board, the district has identified and has requested that the County Superintendent of Schools to make appropriation transfers to cover the lost revenues for Child Development Center, Professional Development Center, Food Services and Parking.

This report of recommendation will authorize the County Superintendent of Schools to make transfers for lost revenues and will expedite our payments so that the County will not have to notify us and request approval for appropriation transfers for each overdraft.

The County will provide copies of all appropriation transfers made pursuant to this authorization.

NEW BUSINESS REPORT NO. 3 - ACTION

TO: Board of Trustees

SUBMITTED BY: David Viar, Superintendent/President

SUBJECT: GLENDALE COMMUNITY COLLEGE DISTRICT
INDEPENDENT CITIZENS' BOND OVERSIGHT
COMMITTEE AMENDED AND RESTATED BYLAWS

DESCRIPTION OF HISTORY/BACKGROUND

An election was held in the Glendale Community College District on March 5, 2002 for the issuance and sale of \$98 million of general obligation bonds of the District. Known as Measure G, it was approved under Proposition 39 which requires that the District “establish, populate, and empower” an independent citizens’ bond oversight committee. By action of the Board, the required committee was established and Bylaws approved in April 15, 2002.

On November 8, 2016 an election was held to approve Measure GC authorizing the issuance of \$325 million of general obligation bonds of the District. Measure GC also was approved under Proposition 39 and therefore required an expansion of the responsibilities of the independent citizens’ bond oversight committee and amendment and restating of its Bylaws. This action was taken by the Board on December 20, 2016.

Several areas for clarification and change in the Bylaws have been identified to assist in the work of the Oversight Committee and are presented for Board action.

Amendments proposed for Board action September 14, 2021

Section 1. Committee Established. The Glendale Community College District (the "District") was successful at the election conducted on March 5, 2004 (the "2004 Election"), in obtaining authorization from the District's voters to issue up to \$98,000,000 aggregate principal amount of the District's general obligation bonds ("Measure G"). The District was successful at the election conducted on November 8, 2016 in obtaining authorization from the District's voters to issue up to \$325,000,000 aggregate principal amount of the District's general obligation bonds ("Measure GC"). The Measure G Election and the Measure GC Election are hereinafter referred to as the "Elections." Measure G and Measure GC are hereinafter referred to as the "Measures." The Elections were each conducted under Proposition 39, being chaptered as the Strict Accountability in Local School Construction Bonds Act of 2000, at Section 15264 et seq. of the Education Code of the State ("Prop 39"). Pursuant to Section 15278 of the Education Code and a resolution of the Board of Trustees of the District (the "Board"), the District has established an Independent Citizens' Bond Oversight Committee (the "Committee"), and granted it the duties and rights set forth in these Amended and Restated Bylaws. The Committee does not have legal capacity independent from the District.

Section 2. Purposes. The purposes of the Committee are set forth in Prop 39, and these Bylaws are specifically made subject to the applicable provisions of Prop 39 as to the duties and rights of the Committee. The Committee shall be deemed to be subject to the Ralph M. Brown Public Meetings Act of the State of California and shall conduct its meetings in accordance with the provisions thereof. The District shall provide necessary administrative support to the Committee as shall be consistent with the Committee's purposes, as set forth in Prop 39.

The proceeds of general obligation bonds issued pursuant to the Elections are hereinafter referred to as "bond proceeds." The Committee shall confine itself specifically to bond proceeds generated under the Measures. Regular and scheduled maintenance projects and all monies generated under other sources shall fall outside the scope of the Committee's review.

Section 3. Duties. To carry out its stated purposes, the Committee shall perform only the duties set forth in Sections 3.1, 3.2, and 3.3 hereof, and shall refrain from those activities set forth in Sections 3.4 and 3.5.

3.1 Inform the Public. The Committee shall inform the public concerning the District's expenditure of bond proceeds. In fulfilling this duty, all official communications to either the Board or the public shall come from the Chair acting on behalf of the Committee. The Chair shall only release information that reflects the majority view of the Committee.

3.2 Review Expenditures. The Committee shall review expenditure reports produced by the District to ensure that (a) bond proceeds were expended only for the purposes set forth in the Measures; and (b) no bond proceeds were used for any teacher or administrative salaries or other operating expenses, in compliance with Attorney General Opinion 04-110, issued on November 9, 2004.

3.3 Annual Report. The Committee shall present to the Board, in public session, an annual written report which shall include the following:

- (a) A statement indicating whether the District is in compliance with the requirements of Article XIII A, Section 1 (b)(3) of the California Constitution; and
- (b) A summary of the Committee's proceedings and activities for the preceding year.

3.4 Duties of the Board/Superintendent/President. Either the Board or the Superintendent/President, as the Board shall determine, shall have the following powers reserved to it, and the Committee shall have no jurisdiction over the following types of activities:
