

VIRTUAL WORKSHOP

Career Education Programs & Pathways at GCC

Interested in a high-demand career with increased earnings potential?

Join this workshop to hear Career Education counselors share information about the variety of career education programs and pathways available at GCC, and answer your questions!

What is Career Education?

Career Education (CE), sometimes called Career and Technical Education or CTE, is a term that describes educational programs designed to connect students more directly to the workforce. CE programs are informed by regional labor market needs and industry professionals, and can often offer shorter timelines to completion than many other college programs. CE programs can also be a starting point to other career pathways that lead to bachelor's and graduate degrees.

Tuesday, October 26, 2021

5:00 - 6:00 PM
