Dear EOPS Students,

As you know, the winter priority registration for EOPS students began today, Monday, October 25.

The college has blocked the registration for winter and spring IN-PERSON CLASSES for students who have not submitted a proof of vaccination, or did not receive an approval for the submitted exemption. If you do not have an approved documentation through KOKOMO, you may still register for remote and online classes. You should have received an email message about this in your student email account, and a text message. Please refer to that message for details.

If you need assistance with registration, please join a live session with the EOPS Club students who are here to help you properly enroll in your Winter 2022 courses. If you need assistance with the registration process, please see the dates and times for **Live Zoom Support** below :
