IMPORTANT! READ ENTIRE STATEMENT! IMPORTANT!

Dear EOPS Students,

It is important for EOPS students to renew their FAFSA application annually in a timely manner to be considered for EOPS grant and other EOPS financial benefits.

IMPORTANT: Complete your 2022-2023 Financial Aid Application by March 2, 2022. The California Student Aid Commission (CSAC) uses that date as the deadline for Cal Grant Eligibility.

The financial benefits you receive from EOPS, such as grant and book voucher, depend upon your unmet need determined by the Financial Aid Office (FAO). This means that you not only need to complete the financial aid application, but you also need to [follow up with the FAO](#) to make sure that all the required documents are submitted in a timely manner.

Once you submit the FAFSA application, frequently **review the To Do List in your student portal for additional information/documents that the FAO may request.** Your timely response will allow the Financial Aid Office to complete your financial aid packaging in time for EOPS to begin processing your grant and book voucher for 2022-2023.

If you need assistance to complete the FAFSA watch the [FAFSA TUTORIAL available on the Financial Aid website](#). To contact the FAO staff member with questions, check out their schedule and the contact information on [their website](#) (scroll to the bottom of the page).

Click next to begin [2022-2023 FAFSA Application](#).

For GCC Dreamer students, click next to begin [2022-2023 CDA Application](#).

Please complete your Financial Aid Application for 2022-2023 academic year as soon as possible.

Check out the EOPS grant and book voucher eligibility criteria below and note how your financial aid eligibility affects these services:
