  - a. Approximately 745 students dropped for non-compliance of vaccine or exemption requirements.
  - b. ASGCC expressed concerns about students not being made aware of registration issues tied to vaccine mandates. Students who did not comply by the October 31, 2021 deadline should still be able to register for winter and spring and then provide proof of status prior to classes starting.
  - c. Faculty has expressed frustration that they were not made aware that students dropped would not be able to re-enroll.
    - i. The Administration is looking into options in re-instating some of the students that were vaccinated but dropped due to upload issues.
  - d. The college will look at ways to communicate more effectively and efficiently moving forward.
  - e. The college needs to ensure courses, especially in Biology and Math, are being offered remotely for those who are not vaccinated or are not able to keep safe or comfortable in-person.
