The courses below are all transfer-level math courses. Check with your counselor to see what is required by your target four-year school for your degree program. Up-to-date UC and CSU transferability information can be found online at [www.assist.org](http://www.assist.org)

All students who have not taken a math course at Glendale Community College or another accredited college or do not have a qualifying AP Math score should check their math placement in MyGCC.

Following the initial placement, students advance in the sequence by successfully completing a math course.

1. Math 138 and Math 139 are UC transferable with maximum credit of one course but do not satisfy IGETC.
2. Math 90 and Math 90+ satisfy the pre-requisite for SLAM transfer-level courses.

+This course contains an embedded support lab.
