II. Ongoing Business

Update on migration to eLumen. Nancy is completing the data transfer. There are missing data from CMS, which Nancy had to retrieve individually from PeopleSoft. C&I reps will have to check the integrity of the information when eLumen is operational. There was a meeting earlier today with Megan Blevins and Melissa Kibrick from eLumen and C&I committee members to discuss dashboards, workflows, etc. The workshops listed below have been scheduled with Megan. After implementation, we will schedule how-to workshops with Melissa.

Monday, May 16, 11:00-12:30	Reports and Dashboards Training
Wednesday, May 18, 12:00-1:00	Train the Trainer for Course Reviewers
Monday, June 6, 2:00-3:00	TBD
Wednesday, June 8, 1:00-2:00	TBD
Thursday, June 9, 1:00-2:00	TBD

Francien requested the June dates from Megan for committee members who may not be able to make the April or May training dates. We will continue to record all workshops as well. While we are waiting for the eLumen migration to be completed, please get your course proposals approved by your division.

The role of C&I in promoting DEIA. Yvette and Francien conducted the last of the spring semester's workshops, Creating Equitable Learning Outcomes on May 5, which was well attended. Francien is planning to have at least two workshops in the Fall, perhaps discipline specific. Please contact her if you would be interested. Please send her samples of assignments or activities for our collection of DEIA curriculum materials.

III. New Business

Articulation Update (Cortes). Richard shared the March 7, 2022 memo from Robert Horwitz, Chair of the Special Committee on AB 928 (Student Transfer Achievement Reform Act of 2021) addressed to ICAS (Intersegmental Committee of the Academic Senates) regarding the recommendation on a singular GE transfer pathway. The new pathway's requirements are:

- UC will accept Oral Communication as a new (third) course in Area 1-English Communication.
- The CCC will revise and strengthen courses fulfilling the Oral Communication subject requirement to meet new core competencies.

- The number of courses required in Area 3 -Arts and Humanities will decrease from three to two (one in Arts, one in Humanities).
- UC will remove its Language Other than English proficiency requirement from IGETC and treat it as a graduation requirement.
- CSU will remove its Lifelong Learning and Self-Development course from IGETC and treat it as an upper-division requirement.

Richard showed the differences between the current requirements for each area and the new proposals, analyzing their impact on student transfer, graduation, enrollment, etc. AB 928 will go into effect in 2024. There is still time to express your concerns and recommendations. Please contact Richard or Academic Senate president Roger Dickes. Richard would be happy to talk to your division. Francien sent a copy of the memo to the committee.

Richard later sent an email to all faculty and administrators with a Zoom link. It contains a PowerPoint presentation explaining the AB 928 Singular GE Pattern: <https://glendale-edu.zoom.us/rec/share/0INzcK7fYhm2Za7gkmzrTVDhR2cz04GgFoStlbcualtn0Fj6gsAVQzmkhFpPwj.oYZUOZoskHezp9d7?startTime=1653333459000>

Learning Outcomes (Ybarra). Once eLumen is operational and C&I reps are able to access their courses, Yvette would like to start the dialogue about Student Learning Outcomes and Program Learning Outcomes. She will hold office hours in the summer specifically for SLO and PLO revisions and will announce them soon.
