SUBJECT: ENROLLMENT UPDATE

DESCRIPTION OF HISTORY / BACKGROUND

California community colleges' apportionment revenues from the state are based on the enrollments of resident students. Enrollments are converted into Full-Time Equivalent Students (FTES) numbers for apportionment reporting. The attached report includes updated enrollment numbers and projections.

One FTES, whether credit or noncredit, is defined by state regulations as 525 hours of student contact. Most credit courses use a weekly accounting method: They meet the same number of hours every week, and apportionment is based on a calculation of hours per week times number of weeks divided by 525. Credit courses shorter than a full semester (such as 8-week courses, or Summer and Winter courses) use an analogous daily accounting method. Both weekly and daily courses use a census date to determine enrollments and FTES.

All noncredit courses and a small number of credit courses use positive attendance accounting, which is not based on enrollment and class sessions per week but rather on the actual hours that students attend class. Each student's attendance is tracked for every class session. The total number of attendance hours is divided by 525 to calculate FTES based on positive attendance. FTES based on positive attendance is more difficult to project than FTES based on weekly or daily accounting because students' actual attendance must be tracked every day, rather than using a defined census date.

Due to the COVID-19 emergency, the Chancellor's Office has approved alternative positive attendance methods for classes held through distance education. The table included her shows actual FTES rather than FTES calculated by this method.

UNFINISHED BUSINESS REPORT NO. 1 - SECOND OF TWO READINGS - ACTION

TO: Board of Trustees

SUBMITTED BY: Ryan Cornner, Superintendent/President

PREPARED BY: Amir Nour, Interim Vice President, Administrative Services

SUBJECT: ADOPTION OF 2022-2023 BUDGET

DESCRIPTION OF HISTORY / BACKGROUND

A 2022-23 Final Budget must be approved by the Board of Trustees by September 15th each year as required by state law. The 2022-23 GCC Budget is based on the appropriations for community colleges contained in the State Budget approved June 30, 2022. The GCC Unrestricted General Fund, which accounts for approximately 90% of the revenues used for the college's primary operating costs, is a best estimate of how the State's budget will affect college revenues.

The total budget for the District includes seven separate self-balanced funds established to record income received and expenditures made for distinctly defined purposes. Statute or Board of Governors' regulations prohibit the comingling of these fiscal records; however, transfers among the fund budgets may be made by the Board of Trustees in accordance with provisions of applicable regulations

The proposed final budget represents a financial plan for the operating year based on the State's adopted budget. Modifications to the budget are brought to the Board for consideration and approval throughout the year to recognize changes in revenue and to allocate or reallocate resources to achieve program objectives.

RECOMMENDATION

The Superintendent/President recommends that the Board of Trustees conduct the second of two readings for board action and adoption on the proposed budget as the college's 2022-2023 Final Budget as required by the California Code of Regulations, Title V, Section 58301.

IMPACT OF BUDGET INITIATIVES

Summary of Budget Implications

Highlights of the draft 2022-23 budget are as follows:

Revenue Components:

- 1) General Revenues: 2022-23 general revenues are composed of base apportionment ~ \$107.3M, a \$2.6M increase in general funding.
- 2) Cost of Living Adjustment (COLA): A 6.56% increase of approximately \$6.4M in apportionment. This is significant given GCC's automatic step and column and operational costs continue to increase.
- 3) Non-Resident Tuition: International Student Tuition revenue is projected to be \$2M.
- 4) Lottery Revenue: Lottery revenue is projected to be \$2.5M. Rates are flat to 2021-22 per the Chancellor's Office.
- 5) Parking Revenue: No parking revenue has been budgeted to reflect the trending decline in permit purchases.
- 6) Budget Trailer Bill, AB 1892 (2022): Includes a one-time \$650M Block Grant for the districts to address issues related to the COVID-19 pandemic. Glendale's share of this grant is approximately \$7.5M which has already been included in the calculations of the Cash Flow Assumptions, but is restricted in its uses.

Expense Components:

- 1) Step and Column Increases (approx. \$800,000): Step and column increases are the annual pay increases for all employees as they move to a higher step or range on the salary schedule. This shows approximately 44.6% of faculty, 32.7% of classified staff, and 22.7% of administrative staff receiving an increase in compensation prior to any possible adjustment in the salary schedule as a result of collective bargaining.
- 2) Benefits and Workers Compensation Increases: \$1.2M
- 3) CalPERS rate increase from 22.91% to 25.37%: Additional employer liability expense of approximately \$666K.
- 4) CalSTRS rate increase from 16.92% to 19.10%: Additional employer liability expense of approximately \$824K.

Budget and Projections

The following chart shows the revenues and expenditures included in the draft 2022-23 budget and projections for the next three years. These figures do not include the costs of hiring new and replacement positions or increases in the salary schedule which are to be negotiated.

Final Budget – Expenditure Mitigation

Actions have already been taken to develop a budget that will continue to move the District toward a strategic goal of a balanced budget. The budget shows a current deficit of approximately \$ 923K. The uncertainty of resources during this crisis will present new challenges for the District in terms of cash flow and potential deficit spending.

The following are the major issues that will affect the college final Budget:

- 1) **2022-23 Health Care Renewal:** The College will receive its 2023 health care renewal rates. The final projections should account for the eventuality of significantly higher health care costs; 8% may not be enough. The District needs to explore the opportunity to pursue joining a JPA in an effort to curb its increasing medical insurance costs.
- 2) **Funding of 2022-23 Budget Requests:** Other than the approval of full-time faculty to meet the full-time faculty obligation and the funding of “Exempt Cost” line items, all new positions must be considered in conjunction with the 50% Law.
- 3) **Negotiation with Employee Groups:** The College has not engaged negotiating salary with the Guild and CSEA. No estimated amount has been placed in the Tentative Budget to account for current negotiation discussions. The cost of one percent raise is approximately estimated at \$861K.
- 4) **Human Capital Resources and Labor Costs:** Over the years the operational needs of the District have changed. The administration has been engaged in various studies to determine the necessary reorganizational changes that will create a sustainable and effective learning environment for years to come.

At the direction of the Superintendent/President, the VPs have engaged in the work of identifying positions that should be considered for hiring over the next academic year. These positions have been compiled in collaboration with various cross functional hiring allocation committees that consist of colleagues from constituency groups throughout the District. The discussion concerning which positions should be prioritized is ongoing. Therefore, the increase in costs is not included in the analysis.

SCFF and TCR

The estimated and proposed Total Computational Revenue (TCR) for the Student Centered Funding Formula (SCFF) increases by \$769.5 million from \$7.9 billion to \$8.6 billion. This reflects \$600 million ongoing to increase the SCFF’s funding rates for the base, supplemental, and success allocations; \$492.9 million for a proposed COLA of 6.56%; \$26.7 million for FTES growth of 0.5%; and modified estimates for hold harmless and other underlying estimation factors.

The table below reflects the final SCFF rates for GCC for 2021-22, along with the projected rates for 2022-23, as modified by COLA and other base adjustments. SCFF rates for 2022-23 are estimates and final rates will be provided at the Advance Apportionment. The distribution of funds across the three allocations (base, supplemental, and student success) is determined by changes in the underlying factors.

	2021-22	2022-23
Base/Access	68,378,740.26	80,931,193.00
Supplemental/Equity	15,140,112.00	17,024,608.00
Success	8,189,356.06	9,362,006.00
Hold Harmless	6,599,796.68	
Total	98,308,005.00	107,317,807.00

GCC Budget Cautions

- The College apportionment is no longer being allocated using a base of FTES alone. Therefore, the College will need to continually restructure its growth projections to include all three new SCFF funding formula metrics to maintain its base funding level and to increase it.
- GCC enrollment is trending down between 9.5% and 10%. The fiscal planning process will continue to focus on long-term sustainability using a five-year projection model and restructuring apportionment projections to include access, equity, and success metrics over the next three years to assure a stable fiscal position.
- The College must build its enrollment and address all SCFF metrics in order to prevent a loss of revenues for GCC when the established hold harmless provisions end in the 2025-26 fiscal year.
- The current primary concern with the Final Budget is expenditures. The College has met with constituency leaders through the Budget Committee and engaged in discussions on how to adjust its operational budget to align with its ongoing revenues.
- The proposed budget includes what is currently budgeted; however, GCC will continue to work with its constituencies to identify savings in the 2022-2023 budget with the goal of closing deficits and bringing the reserve balance to the required 6% by the end of fall 2022.
- In preparing the development of the 2022-23 budget, the College anticipates continual modifications to the new formula by the California Community Colleges Chancellor's Office and will bring budget augmentations to the Board as the College receives updated information from the state.
