IMPORTANT! READ ENTIRE STATEMENT! IMPORTANT!

Dear EOPS Students,

FAFSA is now open for renewal. Don't wait. Renew your FAFSA for 2023-2024 academic year now!

It is important for EOPS students **to renew their FAFSA** application annually in a timely manner to be considered for Federal and State financial aid including EOPS grant and other EOPS financial benefits.

IMPORTANT: Complete the renewal of your 2023-2024 Financial Aid Application by March 2, 2023. The California Student Aid Commission (CSAC) uses that date as the deadline for Cal Grant Eligibility.

The financial benefits your receive from EOPS, such as grant and book voucher, depend upon your unmet need determined by the Financial Aid Office (FAO). This means that you not only need to complete the financial aid application by the deadline, but you also need to [follow-up with the FAO](#) to make sure that all the required documents are submitted in a timely manner. Once you submit the FAFSA renewal application, frequently **review the To Do List in your student portal for additional information/documents that the FAO may request.** Your timely response will allow the Financial Aid Office to complete your financial aid packaging in time for EOPS to begin processing your grant and book voucher for 2023-2024.

If you need assistance to complete the FAFSA watch the [FAFSA TUTORIAL available on the Financial Aid website.](#) To contact the FAO staff member with questions, check out their schedule and the contact information on [their website](#) (scroll to the bottom of the page).
