INCORRECT FEES AND FEE WAIVERS

If you believe that an error was made in your fee calculation, you will need to go to the Student Fees Office located in the Sierra Vista Building. If you wish to waive the Student Services Fee due to financial hardship, go to the Student Business Services Office located in the Bookstore before the refund deadline. If your fees are waived you relinquish all privileges and your rights to use all services funded by the Student Services Fee. The health fee may be waived by students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization. (Waivers for the current semester/session will not be granted after the final deadline to withdraw from classes and be eligible for a refund as published in this class schedule.)

FINANCIAL AID STUDENTS

MyGCC will let you know if you have been awarded a BOG. If you are awarded a BOG, the enrollment and health fee are waived, but you must pay all other fees.

WAITING LISTS

Many classes have a wait list. If a registered student drops the course, the first wait list student will be automatically moved into the course.

It is the student's responsibility to verify enrollment status on the first day of class from the instructor. ***It is the student's responsibility to drop a class without an "W" to be eligible for a refund or not be held responsible for payment of fees.***

WAITLIST INFORMATION

If a class is full, but has a waitlist, you can add yourself to the waitlist and as seats open up, students on the waitlist will be automatically enrolled. *When you add yourself to the waitlist, you are given a position number. Students are enrolled in open seats based on their position number. The lower your number is on the waitlist, the greater your opportunity is to be enrolled in the class.

WAITLIST FREQUENTLY ASKED QUESTIONS

What is the advantage of enrolling to a waitlist?

The waitlist enables you to be auto-enrolled in closed classes as seats become available.

How many classes can I waitlist for?

You may add yourself to any number of waitlists, but you will not be allowed to enroll in and waitlist in more than the maximum number of units for the term. For example, for the spring term, the maximum number of units allowed is 19; therefore, your combined enrolled and waitlist units can't exceed 19.

Can I waitlist in more than one section of the same class?

Yes, you can waitlist for multiple sections of the same class. Once you have been enrolled in one section of a class, you will be removed from the waitlists for all other sections of that class. If you are already enrolled in one section of a class, you may waitlist for additional sections, but you will not be enrolled from the waitlist until you drop the section that you are enrolled in.

I was in position number 1 on a waitlist, why wasn't I enrolled when a seat opened?

The requirements to be moved off of a waitlist are the same as standard enrollment:

- You will not be enrolled from the waitlist if you are already enrolled in another section of the same class.
- You will not be enrolled in a class if it conflicts in meeting times with another class in which you are enrolled.
- You will not be enrolled in more units than permitted in the term.
- You will not be enrolled if you have not met the prerequisites for that class.
- You will not be enrolled if you have any registration holds, i.e. Financial, Library, PE etc.

Can I take myself off of a waitlist?

Yes, you may remove yourself from a waitlist by following the same process as to drop a class.

What is the first day I can get on a waitlist?

Waitlists are only available once the class has reached its enrollment capacity. For high-demand classes, this may be the first day of registration or for other classes as late as the last week of open registration.

Once I am on the waitlist, how do I get into the class?

If seats become available and you meet all of the requirements, you will be added automatically to the class based on your waitlist position number. If you are successfully enrolled from the waitlist, you will see the change in your "My Schedule" in your Student Center. You will be sent an email to your college issued email address notifying you that you have been moved into the enrolled status.

Can I waitlist for a class that conflicts in meeting times with a class that I'm already enrolled in?

Yes, you can waitlist for time conflicted classes, but you will not be moved off of the waitlist until the time conflict has been resolved.

Where can I find my waitlist position number?

In your class schedule, there is a checkbox to show waitlisted classes – if you check this box, you will see classes that you are waitlisted for, and your position number.

What if I decide that I no longer want to take a class that I have waitlisted?

It is your responsibility to remove yourself from the waitlist. If you have been enrolled from the waitlist and do not wish to take the class, it is your responsibility to drop the class before the last day to drop with refund, or you may still be accountable for the class.

What happens if I am added to a class from a waitlist after I have paid fees for other classes that I enrolled in?

Your account in your Student Center will reflect the additional enrollment fees. Log into your MyGCC Student Center and click on Account Inquiry. These fees must be paid immediately.

If I am already enrolled in NelNet payment plan, how might enrolling in an additional class via the waitlist impact my payment plan?

Any additional enrollment fees and charges not included in your initial budget and plan will need to be added. You need to let the Tuition Office know of any changes to your enrollment or fees for the added class will be due immediately.

If I have Financial Aid, how will adding a class to my schedule from the waitlist impact my aid?

The enrollment fees will be waived as long as you have been awarded the BOG grant. If you are automatically enrolled through the waitlist process, the enrollment will be complete prior to the last day to add a class and your Financial Aid awards will be adjusted accordingly. However, if you are given a "permission number", you must add the course online prior to the last day to add a class or your Financial Aid will not be adjusted. We suggest that you contact the Financial Aid office if your units increase or decrease any time during the term.

***WAITLIST IMPORTANT NOTICE:** Classes and wait list (enrollment from the wait list) will officially close at 11:59 p.m. on the Sunday before the class is scheduled to begin. If you would like to add a closed class, you must attend the first day of the class to obtain a permission number from the instructor. IF you are given a permission number, you will then need to log back into your student portal–MyGCC and officially add the class using the permission number.

COURSE ENROLLMENT

OPEN ENROLLMENT

Unless specifically exempted by statute, every course, course section, or class shall be open for enrollment and participation by any person who has been admitted to the college and who meets the prerequisites for such courses.

REQUIREMENTS

When you look at the class listings, you will see that many courses have conditions you must meet before you can enroll. These conditions are called assessment tests, prerequisites, co-requisites, recommended preparation, or limitations on enrollment.

DEFINITIONS

Assessment Test:

These exams measure your current skills. Your composite scores determine your placement in English, mathematics, English as a Second Language, and in other areas.

Prerequisite:

This means you already must have completed the course or courses listed as prerequisite(s) with a grade of A, B, C, or Credit before you enroll in the class you're considering.

Corequisite:

This means the class listed as a corequisite already must have been completed, or you can take it at the same time as the class you're considering.

Recommended Preparation:

This is a condition that you are advised, but not required, to meet before enrolling in the class you're considering.

Other Limitations on Enrollment:

Certain courses may require tryouts, auditions, or may be limited by health and safety considerations, facility limitations, faculty workload, availability of qualified instructors, funding limitations or legal requirements imposed by statutes, regulations or contracts. All limitations conform with the provisions of the Title V, Section 58106, California Community College Board of Governors.

PREREQUISITE CHALLENGE PROCESS

You may challenge your assessment placement, course prerequisite, corequisite or limitation on enrollment for any of the following reasons:

1. You have the knowledge or skills to complete the course.
2. The prerequisite course has not been reasonably available and will cause you a delay in the completion of your academic goals according to your Student Educational Plan.
3. The course has not been established in accordance with the district's process for establishing prerequisites and corequisites.
4. The prerequisite is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.

Follow these instructions:

1. Complete the Glendale Community College Prerequisite Challenge Petition.
2. Submit the petition to the appropriate division chair.
3. You may need to submit evidence of the necessary skills to pass the course.
4. You will be notified within 15 days of the decision.
5. If the petition is denied, you may appeal the decision to the Executive Vice President of Instruction.

Prerequisite Challenge Petition forms may be obtained from the Academic Counseling Office.

TRANSCRIPTS AND TRANSFER OF UNITS

Transcripts should be sent directly from the high school or college to Glendale Community College. All transcripts become the property of Glendale Community College and will not be returned.

Glendale Community College reserves the right to evaluate work completed in other colleges or universities. The external credit units and cumulative grade points will be posted on the student's Glendale College transcript. Transfers with acceptable grades will be granted advanced standing in-so-far as the work completely corresponds with that of Glendale Community College.

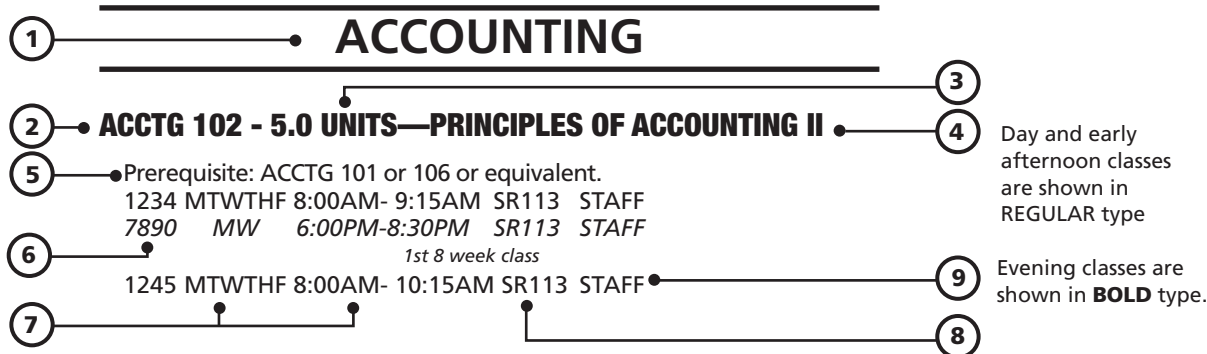

Upon the written request of a student, a transcript of the student's record at Glendale Community College will be forwarded to a college or university, individual, firm, etc. For more information visit the college website at www.glendale.edu.

Interested in Being a Scholar?

The Glendale Community College Scholars Program is the College's honors program. Scholars is actually three programs in one: an academic program with 15 units of Honors general-education and pre-major courses that students plan with the Scholars counselors; an active community-service organization; and a vibrant social club. Good standing in the program is maintained through high academic performance and dedicated and active participation in Scholars meetings and events each semester. Scholars demands significant time and effort, offering benefits as well-rounded students upon program completion and transfer.

In their academic, service, and social contexts, Scholars develop bonds with fellow students. Scholars benefit from priority registration, specialized counseling, and smaller class sizes.

Students who complete the Scholars Program in good standing benefit from enhanced admissions consideration nationwide through Honors Transfer Council of California Partner Colleges, as well as through the UCLA Transfer Alliance Program (College of Letters and Science only). There are Honors-to-Honors opportunities with UC Irvine and UC Riverside for eligible Scholars completing the program with high academic and participation standing.

For more information about The Scholars Program, visit our website at www.gccscholars.com, or email the Scholars Program Director, Dr. Michael Harnett, at scholars@glendale.edu.

DISTANCE EDUCATION

Glendale Community College offers a variety of Distance Education courses to meet your needs including 100% Asynchronous Online courses, Synchronous* Online courses, Hybrid courses, Hyflex courses, and Proctored Online Courses (POC). Distance Education courses employ features of the Learning Management System (LMS), Canvas, such as Course Documents, Discussion Boards, Virtual Classrooms, Groups, Assignments, External Links, Digital Drop Boxes and Grade Books, Asynchronous and/or Synchronous learning, etc. Internet and other technologies are used in learning exercises every week to ensure regular and substantive interaction between instructor and student, student and student, and student and instructional material. Distance Education courses are equivalent to in-person courses. Courses are taught by the same qualified instructors and follow the same curriculum and standards as in-person based courses. It is recommended that students be comfortable with computers, particularly the Internet, and that they apply to the GCC Library to borrow personal hotspots to ensure reliable WiFi, before taking Distance Education courses. Make sure to read the course Ticket Note before choosing to enroll.

*Synchronous refers to a technology-mediated learning environment in which students and instructor take part at the same time although geographically separated. Asynchronous refers to a learning environment in which students and instructor do not take part at the same time. Synchronous classes have also been termed "Remote" in class schedules.

For more information on GCC Distance Education, go to www.glendale.edu/online and click on GET STARTED. For Canvas Technical Support, go to www.glendale.edu/online and click on STUDENT TECH SUPPORT.

Distance Education offers five types of courses

Asynchronous Online Courses: An Asynchronous Online course is offered fully online. Students cannot be required to meet in person for office hours, orientations, homework, exams, distribution of resource materials, or any other course component. (Office hours are always offered synchronously, whatever the modality but students are not required to attend). All course instructions, materials, assignments, and discussions are posted and completed online through the district's Learning Management System, Canvas.

Synchronous Online Courses: Synchronous Online classes ("Remote") meet at designated times during the week through a teleconferencing medium such as Zoom. Students attend all scheduled classes as they would if the class were hosted in-person on a campus. Students are expected to be present during class sessions.

Hybrid Courses: A Hybrid course is offered in a split format: A portion of the course is offered Synchronously, either in-person on a campus or through a teleconferencing medium such as Zoom. The other portion of the course is offered Asynchronously online, with online content and/or activities. The ratio of Synchronous to Asynchronous instruction is determined by the Division. Hybrid courses may involve an in-person/Zoom orientation and in-class/Zoom exams. Ticket notes and syllabi will state these expectations clearly. Please check ticket notes before enrolling. Students are expected to be present for in-person/Zoom sessions.

HyFlex Courses: A HyFlex course is offered on campus, in specially equipped rooms that allow the instructor to teach a portion of the students in-person during regularly scheduled class times while the remaining portion of the enrolled students attends "remotely" during the regularly scheduled class times via the LMS and the Internet. In some HyFlex classes, the two sets of students exchange situations regularly over the course of a semester. In other HyFlex designs, students who attend in-person do so throughout the semester, and students who attend Online do so throughout the semester. Please see the course ticket note for details.

Proctored Online Courses (POC): Assignments and examinations in a Proctored Online Course will be submitted in an asynchronous manner, but students will be required to take tests at a proctoring facility or through the use of proctoring software. If you are required to take proctored examinations in-person on campus, your instructor will provide proctoring at GCC. Off-site proctoring services could be available at the discretion of the instructor. Ticket notes and syllabi will clearly state these expectations clearly in advance; use of cameras may be required. Please check ticket notes before enrolling.

Once enrolled in an Asynchronous or Hybrid Distance Education course, students must retrieve and read the Welcome Letter emailed to their GCC student email account 2-5 days prior to the beginning of the term. This Welcome Letter will explain the policies and procedures of the course and how to complete the Check-In Assignment by Thursday night of a 4-8 week course or by Sunday night by Sunday night at the end of the first week of instruction in a 10-16 week course to establish attendance and avoid being dropped.

A Welcome Letter:

- Helps students understand DE course expectations,
- Tells students how and where to log in to their class,
- Lets students know where to go for technical help and support,
- Establishes rapport and begins regular and substantive interaction with students,
- Explains the course Check-In Assignment. (Faculty will design a Check-In Assignment (see description below) that is due during Week 1).

Check-In Assignment

The course Check-In Assignment is a mandatory requirement for all Asynchronous and Hybrid distance education courses. If a student does not complete the course Check-In Assignment by Thursday night of a 4-8 week course or by Sunday night at the end of the first week of instruction in a 10-16 week course to establish attendance, the instructor must drop the student for non-participation. Directions on completing the course Check-In Assignment will be in the Welcome Letter sent to students' GCC email by the instructor 2-5 days before the term begins. Students are responsible for retrieving and reading the Welcome Letter.

Student Authenticity

Effective Regular Authentic Contact: Establishing and maintaining regular and substantive interaction is an important aspect of delivering an online and hybrid course.

DISTANCE EDUCATION

It is not only a Federal and Title 5 requirement, but is also a practice that encourages and facilitates student-centered instruction and increases student learning outcomes. Therefore, Distance Education courses are NOT offered in a self-paced format.

Distance Education includes regular and substantive interaction between instructor and students, between students and students, and between students and instructional material. Effective regular and authentic contact in the distance education classroom takes place in four ways every week there is online instruction: 1. Instructor-Student 2. Student-Student 3. Student-Content 4. Student-Interface.

Attendance & Participation Policy

Students cannot miss more than two weeks' worth of class (Synchronous, HyFlex, POC) or of assignments (Asynchronous class) OR one week's worth of assignments and one week's worth of live lecture (hybrid class). The course Syllabus should define what constitutes two weeks' worth (Asynchronous) or one week's worth (hybrid) of online assignments required to avoid being dropped. In Asynchronous classes, Attendance or Participation is never measured by 'logging-in' or time spent in Canvas; it is measured by submission of assigned work. It is important that online and hybrid instructors be very clear in their Syllabus and Welcome Letters about what constitutes attendance and participation.

Any portion of a course provided through distance education must be consistent with guidelines issued by the Chancellor's Office, pursuant to section 409 of the Procedures and Standing Orders of the Board of Governors.

GCC's Attendance & Participation Policy Guidelines

- Students are expected to attend all class meetings. There are no authorized absences from class and irregular attendance may result in exclusion from classes.
- It is the student's responsibility to register properly for classes. A student who fails to enroll officially in a class will not be given credit for that class.
- Students also have the responsibility of officially withdrawing from college or dropping from class when they stop attending, and of observing established deadlines. Otherwise, "F" grades may be assigned.
- It is students' responsibility to know the attendance and absence policy of each class in which they are enrolled. It is instructors' responsibility to inform their classes of the attendance and absence policies at the beginning of each semester.
- Students shall be dropped from class for failure to attend the first class-meeting during the first week of instruction if they have not made prior arrangements with the instructor.
- Students also may be dropped for continuous or cumulative absences for the number of hours a sixteen-week class is scheduled to meet in a two-week period.

What this means for distance education

Students in Asynchronous and Synchronous distance education courses are required to 'attend' and participate just as if they were in an in-person course. Students who do not attend two-weeks' worth of Synchronous classes may lose

credit for the course or be dropped. In Asynchronous classes students who do not participate, that is, who consistently do not submit assignments, quizzes, responses to forums or other work, may be dropped from the course for non-participation. Instructors of Asynchronous, Synchronous, Hybrid, Hyflex and POC courses clearly define attendance, participation, and late work policies in their Syllabi and Welcome Letters.

For Students: Don't miss more than two weeks' worth of assignments (online Asynchronous class) OR more than two weeks' worth of synchronous attendance OR one weeks' worth of assignments and one weeks' worth of Synchronous live lecture (hybrid class). The course Syllabus will tell you what constitutes two weeks' worth (Asynchronous online) or one weeks' worth (hybrid) of online assignments to complete in order not to be dropped.

GCC's Drop Policy Guidelines

Once enrolled in a course, students are not considered dropped or withdrawn unless:

- They have dropped the course online via MyGCC; or
- They have dropped the course with an Add/Drop form in person at the Admissions & Records office.

A grade of "W" will not be made on the permanent academic record of a student who drops or is dropped from the course or from college:

- During the first two weeks of a semester-length course;
- During the first week of a course which is at least five weeks in length and less than a semester in length; or
- During the first 20% of a course that is less than five weeks in length.

Federal Drop Policy Guidelines

A letter sent in October 2011 by the Department of Education calls upon postsecondary distance education programs to put more stringent measures into place to make certain that students are not just enrolled in courses, but also actively participate: "[I]nstitutions [need] to take steps necessary to ensure that students are academically engaged prior to disbursing Title IV student aid funds. If students do not begin attendance, Title IV funds must be returned" (34 CFR 668.21(a))(Runcie & Ocha).

What this means for distance education

DE instructors must drop all non-participating DE students by GCC's Census Date. To confirm participation, effective practices require that Asynchronous DE courses have a course Check- In Assignment with a firm due date during the first week of instruction.

For Students: COMPLETE THE "CHECK-IN ASSIGNMENT" that is listed in the Welcome Letter by Thursday night (4-8 week classes) or Sunday night at the end of the first week of instruction (10-16 week classes) to avoid being dropped.

ASSESSMENT

The Placement & Assessment Center is located in the Sierra Vista Building, Room 365. Placement surveys are online www.glendale.edu/placement. Any questions should be directed to the Assessment Center at 818-240-1000, ext. 5329.

All students at GCC are eligible to enroll directly into transfer level math and English courses.

For English, if you have a diploma from a U.S. high school, or the classes where you were educated were taught in English, we believe you're ready for either English 101 or English 101+. Both are transfer-level courses and 101+ is recommended for students with a high school GPA under 2.6 overall.

For Math, all students, including those with high school GPA, or coursework history below minimum placement criteria are placed into transfer-level Math 135, 136A, or Math 138 (for students going into elementary education). These courses are foundational to the SLAM pathway.

One semester SLAM (Statistics, Liberal Arts Math) courses (Math 136 and 136+) and BSTEM (Business, Science, Technology, Engineering, Math) course options are provided upon completion of the Math GPS Survey.

For ESL, if you do not have a U.S. high school diploma, and you are an international student (F1 visa), or adult immigrant, or refugee, and you are still learning English, take the GCC ESL Guided Placement Survey to select the best level for you. We recommend that you then speak with a counselor to choose the best ESL course options.

For Chemistry 101 placement students must have completed one year of high school Chemistry with lab with a C or better. Transcripts should be sent to assessment@glendale.edu. If you do not meet the requirements, then you should enroll in Chemistry 110. Students who have successfully completed Chemistry 110, can enroll into Chemistry 101.

Once a student takes a class, they are not allowed to retake the survey in that subject but may challenge. For more information visit Placement & Assessment www.glendale.edu/placement or contact 818-240-1000, ext. 5329.

NON-DISCRIMINATION AND EQUAL OPPORTUNITY POLICY

Glendale Community College District is a multicultural community of people from diverse racial, ethnic, linguistic and class backgrounds, national origins, religious and political beliefs, physical and mental abilities, and sexual orientations. The activities, programs, classes, workshops/lectures, and everyday interactions of this district are enriched by our acceptance of one another, and we strive to learn from each other in an atmosphere of positive engagement and mutual respect.

Implicit in this mutual respect is the right of each of us to live, study, teach, and work free from harassment or denigration on the basis of race, age, religious preference, gender, sexual orientation, color, national origin, or disability. Any violation of this right—verbal or written abuse, threats, harassment, intimidation, or violence against person or property—will be considered a violation of the principles of community that are an integral part of the focus, goals, and mission of the Glendale Community College District. Glendale Community College District is committed to providing an equal opportunity for admissions, student financing, student support programs and activities, and employment regardless of race, religious creed, color, age, sex, sexual orientation, national origin, ancestry, marital status, medical condition, or disability in accordance with federal, state, and local regulations. This Non-discrimination and Equal Opportunity Policy covers admissions, access, and treatment in District programs and activities, and application for and treatment in District employment.

FAMILY EDUCATIONAL RIGHTS AND

REQUIREMENTS AND REGULATIONS

PRIVACY ACT OF 1974

Glendale Community College annually informs students of the Family Education Rights and Privacy Act of 1974 as amended, of the provisions of Sections 76200-76240 of the Education Code of the State of California and of the provisions of Sections 54600-54630 of Title 5 of the California Administrative Code. These references, with which the institution intends to comply fully, were designated to protect the privacy of education records, provide the process by which students may challenge the accuracy of those records, and provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the act.

An institutional guide explains in detail the procedures to be used by the institution for compliance with the provisions of the act. Copies of the guide are available in the campus library and the Office of Admissions and Records. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of Admissions and Records.

Release of Student Directory Information Policy

Certain categories of student information are considered "open" or directory information. The college policy on the sharing of directory information to outside agencies and individuals (including parents and spouses of enrolled students) is limited to: name, e-mail address; major field of study; dates of attendance; degrees, honors and awards received; and the most recent previous institution attended. A student may request that directory information not be released by signing a request form at the Office of Admissions and Records. The request form must be received by the last day of the second week of instruction for a fall or spring semester or by the last day of the first week of instruction for a winter or summer session. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by the Family Educational Rights and Privacy Act of 1974 (FERPA).

GCCD DRUG-FREE CAMPUS POLICY

It is the policy of Glendale Community College to maintain a drug-free campus environment. The unlawful use, manufacture, distribution, possession, presence and sale of alcohol, narcotics, or any illicit drugs is prohibited. A student's presence on college-owned property, or attendance at a college-sponsored or -supervised function, while under the influence or in possession of alcohol, narcotics, or other legally controlled drugs is prohibited except as expressly permitted by law. All students are required to comply with this policy. Information about the health risks associated with alcohol and drug abuse, as well as educational programs and assistance, is available at the Health Center on the first floor of the San Rafael Building.

POLICY ON ACADEMIC HONESTY

College study is the process of acquainting students with values and procedures central to scholarship. All students are expected to do their own work. All forms of cheating and plagiarism are absolutely prohibited. This is the official policy of Glendale Community College.

The following behaviors serve as an operational description of student violations of academic honesty:

1. The student takes or copies answers from another student or source or uses unauthorized materials during a test or assignment.
2. The student turns in an assignment (labs, art projects, homework, prewritten or purchased papers, or work downloaded from the Internet) which is not his/her own.
3. The student uses words or ideas which are not his/her own without acknowledgment of the source (plagiarism).
4. The student knowingly deceives an instructor with the intent to improve his/her standing in class.
5. The student submits the same paper or project previously submitted in another class without the permission of the current instructor.
6. The student depends upon tools or assistance prohibited by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments.
7. The student acquires, without permission, tests or other academic materials belonging to a member of the GCC faculty or staff.

When a student engages in academic dishonesty, faculty have the options of requiring the student to see a college counselor, and/or assigning a lower grade, including F or 0, on the assignment in question.

Violations of this Policy will be reported to the Vice President of Instruction and will become part of the Glendale College Academic Dishonesty Incident file, unless the instructor finds compelling reasons not to report a violation. The Vice President of Instruction may then impose sanctions authorized by Administrative Regulation 5500. The sanctions include, but are not limited to, issuing a reprimand, suspending the student and/or recommending permanent expulsion.

The student has the right of due process for all the above as specified in AR 5520 and the Glendale Community College Catalog.

For more information on Board Policy 5501 go to www.glendale.edu/home/showpublisheddocument?id=27672

SUPPLEMENTAL INSTRUCTION

Supplemental Instruction (SI) is a program that offers students collaborative learning workshops outside of class times. Under the supervision of an instructor or specially trained student leader, these workshops provide students with an enjoyable, structured way to study the course material and develop critical thinking and problem-solving skills. Regular workshop participants usually reach a better understanding of a course content and tend to pass at a higher rate and with better grades than non-participants. The workshops are free to students.

FINANCIAL AID

Glendale Community College participates in federal and state student aid programs. When evaluating a student's eligibility, the entire annual cost of education is considered, including fees, books, transportation and a basic amount of living expenses.

HOW TO APPLY

To apply, submit the FAFSA form by mail or on the internet at www.fafsa.ed.gov. Other forms and documents may be required during the review process. Provide all information as quickly as possible to expedite your application.

Fall 2022 – Winter 2023 – Spring 2023 – Summer 2023

File the 2022-2023 FAFSA beginning October 1, 2022. File before March 2 to be considered for the Cal Grant Program. The college's priority deadline is April 1, 2023.

CALIFORNIA COLLEGE PROMISE GRANT PROGRAM (formerly known as the Board of Governors Fee Waiver)

Effective 2019-2020 award year, the BOG Fee Waiver was renamed the California College Promise Grant (CCPG). This waiver is available to California residents to cover enrollment fees only. Students must demonstrate financial need by completing the Free Application for Federal Student Aid (FAFSA) or the California College Promise Grant Application.

Effective in Fall 2016, students who are eligible for a California College Promise Grant may lose their eligibility if they fail to sustain a Cumulative GPA (CGPA) of 2.0 or higher and complete more than 50 percent of their course work. If a student's CGPA falls below 2.0 for two consecutive primary terms (fall or spring), the student is placed on academic probation. If the cumulative number of units completed is not more than 50 percent in two consecutive primary terms, the student is placed on progress probation.

Academic: Maintain a CGPA of 2.0 or higher

Progress: Complete more than 50% of coursework successfully. Any combination of two consecutive primary terms of academic and/or progress probation may result in the loss of California College Promise Grant.

FEDERAL STUDENT AID PROGRAMS*

**The Pilot Training Certificate, Pilot Training AS Degree, Computer Applications Technician, and Unix System Administrator degrees/certificates are not eligible for federal student aid.*

Federal Pell Grant, Federal SEOG, Federal Work Study, Federal Loans—

Eligibility is based on the student's 2022-2023 FAFSA/CADAA and eligibility requirement criteria established by the California Student Aid Commission (check their website for details). Application deadlines are March 2, 2022 and September 2, 2022- only for students enrolling at a CA Community College. The college will submit a GPA verification for students who meet the 24 units or more at GCC, or completed 16 units but less than 24 units at GCC. All counted units must be transferable and applicable to a 4-year university academic program. Units are counted for the GPA verification for course with a letter grade of D or higher. Students who do not meet these criteria at GCC but meet the criteria at another California College/University (check with the FAO of that CA College/University) can complete the GPA Verification form requesting that CA College/University to complete the form them, then send it to the California Student Aid Commission.

There are three types of Cal Grants:

High School Entitlement Grant: Awarded to all 2021 and 2022 high school graduates who meet the eligibility requirement criteria and filed the FAFSA/CADAA and GPA submission by March 2 from your respective high school you graduated from. Community College

Entitlement Grant: Awarded to Community College students who meets the eligibility requirement requirements criteria, attending a Community College, FAFS/CADAA application and GPA submission by September 2

Competitive Grant: Limited number of awards to other students who meet the eligibility requirement criteria and apply by March 2 or September 2.

CAL GRANT A—Provides a grant in the amount of tuition and fees at UC & CSU and up to \$9084 at private colleges to students who plan to transfer and who have a GPA of at least 3.0 and meet need and income criteria. Because eligible students already have community college fees waived through the CCPG program, grants are not activated until the student transfers to a 4-year college.

CAL GRANT B—Provides a stipend of \$1648 per year to students who have a GPA of at least 2.0 and meet specific income, need and other criteria. Students who transfer will also receive funds for tuition and fees at UC and CSU and up to \$9084 at a private college.

CAL GRANT C—Provides awards of up to \$1094 to students in vocational programs. Eligible students will receive a supplemental application form that must be completed and submitted to be considered for an award. Excess awards may be available for Cal Grant C students with dependent children. Cal Grant C program is only for CA Community Colleges.

THE STUDENT SUCCESS COMPLETION GRANT (SSCG)—The SSCG award provides students with additional financial aid to help offset the total cost of community college attendance, and encourages full time attendance and successful on-time completion.

To be eligible for payment in the fall or winter/spring semester, you must meet all of the criteria detailed below in each semester you expect payment:

1. You must receive a full-time Cal Grant B or C payment. Students choosing to take a Leave of Absence for their Cal Grant will not be eligible to receive payment for the SSCG.
2. To receive \$649 in the fall or winter/spring semester, you must be enrolled in 12-14.99 units per semester
3. To receive \$2,000 in the fall or winter/spring semester, you must be enrolled in 15+ units per semester
4. If you are on Financial Aid Contract, only units from the courses listed on your contract will count toward your eligibility
5. You must meet Satisfactory Academic Progress (SAP) Standards
6. Have unmet need
7. Awarded on funds available basis.

Summer SSCG are awarded on a funds available basis. Students who have received the maximum SSCG amount for fall and winter/spring (\$4,000) are not eligible for summer SSCG. Students enrolling for the summer term will be considered for a summer SSCG payment based on their unit total for the year (completed fall and winter/spring units plus enrolled summer units). Students whose summer enrollment brings their annual unit total to 24-29 will receive a summer payment amount that brings their SSCG annual award amount to \$1,298. Students whose summer enrollment brings their annual unit total to 30+ units will receive a summer payment amount that brings their SSCG annual award amount to \$4,000.

DROPPING OR WITHDRAWING FROM CLASSES

Students who receive financial aid should be aware of the effect of withdrawing from classes. Financial aid is not recalculated for enrollment changes that occur after the financial aid census dates. Students who reduce their enrollment status (withdraw from some but not all units) prior to the financial aid census date may have their financial aid eligibility reduced and may be required to repay funds. Students who drop all units and completely withdraw from the college prior to completing 60% of the semester will also be required to repay a portion of the funds they received. Students who receive all fail (F/NP) grades or a combination of all fail (F/NP) and withdrawal (W) grades for the term are considered to have unofficially withdrawn and the withdrawal date used in the return calculation of a student's federal financial aid will be the midpoint of the semester. We encourage you to consult with the Financial Aid Office prior to withdrawing from classes.

SATISFACTORY ACADEMIC PROGRESS REQUIREMENTS

Students applying for financial aid are required to meet federally required academic progress standards. Students who do not meet the following standards will be disqualified from financial aid eligibility:

1. Grade Point Average (GPA)-Students must maintain a 2.0 GPA.
2. Maximum Units-Students who do not complete a degree or transfer program within 90 attempted units or a certificate within 45 attempted units are not considered to be making satisfactory academic progress and are disqualified from financial aid.
3. Satisfactory Academic Progress-Students must successfully complete at least 67% of units in which they enroll. Courses in which a grade of F, W, NP, or EW is earned are not considered to be successfully completed.

SAP Warning and Dismissal

Students' compliance with Financial Aid Satisfactory Academic Progress Standards is measured each term. Students who are warned that they are in danger of not meeting one or more of the Financial Aid Satisfactory Academic Progress standards must meet the standard(s) by the end of the semester in order to remain eligible for financial aid. Students not meeting this standard after the "Warning" semester are placed on SAP Dismissal and are no longer eligible for financial aid.

Appeal Process:

Students may appeal a financial aid disqualification if the failure to meet the standard was due to mitigating circumstances. Mitigating circumstances may include illness, a change of major or other circumstances beyond the student's control and must be documented. Students are notified in writing of the outcome of their appeal.

Please note: Appeals to Count the Higher Grade and for Academic Renewal may impact your financial aid eligibility. Please consult a financial aid advisor if you are pursuing one of these appeals.

Students who are placed on Academic Dismissal by the College are not eligible for financial aid. There is no Financial Aid appeal process for this status.

PARKING PERMITS

Parking on the GCC campus requires a permit 365 days a year. You are required to display a parking permit while parked on campus. If you are unable to purchase a semester permit, daily permits are available from the Pay and Display machines at the entrance to the GCC parking structure or you may pay the meters and park in the city parking lots. Parking is not free and there are no grace periods. Parking permits are ALWAYS REQUIRED. If you do not display a parking permit, you are subject to citation.

Garfield Campus does not require parking permits.

DAILY PARKING PERMITS

- If a Pay and Display machine in the area you have parked is inoperable, it is the responsibility of the purchaser to find an alternate Pay and Display machine which is operational in order to purchase the required parking permit.
- Permits are not transferable from person to person, and are valid only for the day printed on the daily permit.
- Guests who are attending special events at the college are required to purchase and display a valid daily parking permit, or guests may choose to park in Lot F or the city lots and pay the meters.
- Students are encouraged to purchase a daily permit during the first week of the semester or intersession to allow time to purchase a semester parking permit. Daily permits are valid for the day posted on the daily permit.

Daily parking permits are available for \$3.00 at the entrance to the GCC parking structure from the Pay and Display machines (there are five machines on the outside of the structure). The Pay and Display machines accept quarters and credit/debit cards. Daily permits must be displayed face-up, on the driver's side of the vehicle's dashboard and be clearly visible. The daily permits are valid for the entire day/evening in Lot 30, Lot B and the upper four floors of the GCC parking structure (Levels 3-6) during the week, Monday-Friday. On weekends, the daily permits are valid in Lots B or C. Vehicles not displaying a permit properly are subject to citation. Parking will be enforced seven days per week including holidays.

SEMESTER PARKING PERMITS

Student semester parking permits are honored in Lot B and the upper four floors of the parking structure (Levels 3-6) as well as the city parking Lots 30, 31, 32, 33, 34, and the Civic Auditorium Parking Structure. A student will not have to pay the parking meters in the city parking lots if he/she purchases and displays a valid student (semester) parking permit; however, the student is only allowed to park in the city parking lots for the specified time that is designated for each lot. Signs in the lots specify the hourly limit. Check posted signs for restrictions. **STUDENT PERMITS ARE NOT VALID FOR STREET PARKING.** Many streets in the area surrounding the school are "Resident Permit Parking Only". Do not park in restricted areas, you will be subject to citation, and your vehicle may be towed. Permits are not valid at street meters unless indicated by posted sign. The permit is valid from 6:00 a.m. to 11:00 p.m. daily.

Purchasing a semester parking permit does not guarantee a parking spot and previous semester permits are not valid in any lot. Permits are not transferable from person to person; however they may be used in other vehicles which the student uses.

STAFF AND FACULTY PARKING PERMITS

Faculty and staff must park in their assigned lots; however, they may also park in Lot C for overflow. Staff and faculty must display a valid parking permit at all times while parked on the Verdugo Campus of GCC or at the Garfield Campus. Additionally, parking in red zones, blocking driveways, blocking roadway access, and blocking evacuation routes is prohibited. Designated disabled spaces are located throughout the campus in student and staff lots. A valid GCC parking permit, as well as a valid Disabled Placard or Disabled Person's License Plate, is required to park on the GCC campus. Vehicles with Disabled Placards or Disabled Person's License Plates may park free of charge in any metered parking spaces as long as the Disabled Placard and/or Disabled Person's License Plates are displayed. EMERGENCY CALL BOXES

Emergency Call Boxes (ECBs) are located in, or adjacent to, several campus parking lots. They are connected to the Police Department Communications Center by hard wired phone lines, and each one emits an identifier code that alerts the Police Dispatcher of the location of the box being activated. It is important for campus community members to learn the locations of ECBs, especially those located along frequently traveled campus routes (maps are available at the police station, which denote the locations of ECBs). To use the system:

1. Follow the instructions on the box.
2. When the button is pushed and the ECB is activated, it immediately alerts the Police Dispatcher that someone has activated the ECB. Wait for the

Dispatcher to contact you. You may then speak into the box as if you are using a speaker phone.

3. If for any reason you are unable to talk into the ECB, you can summon assistance by just pushing the button and waiting next to the ECB. College Police personnel are dispatched to the ECB each time it is activated.

The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence. It shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or because he or she is perceived to have one or more of the foregoing characteristics.

The District seeks to foster an environment in which all employees, students, unpaid interns and volunteers feel free to report incidents of harassment without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of harassment or for participating in a harassment investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student, employee, unpaid intern or volunteer who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AR 3435 Discrimination and Harassment Investigations. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

This policy applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

To this end the Superintendent/President or designee shall ensure that the institution undertakes education and training activities to counter discrimination and to prevent, minimize and/or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.

The Superintendent/President or designee shall establish administrative regulations that define harassment on campus. The Superintendent/President or designee shall further establish regulations for employees, students, unpaid interns, volunteers and other members of the campus community that provide for the investigation and resolution of complaints regarding harassment and discrimination, and procedures for students to resolve complaints of harassment and discrimination. All participants are protected from retaliatory acts by the District, its employees, students, and agents.

This policy and related written regulations (including the regulation for making complaints) shall be widely published and publicized to administrators, faculty, staff, students, unpaid interns and volunteers particularly when they are new to the institution, as required in Education Code 66281.5. They shall be available for students, employees, unpaid interns, and volunteers in all administrative offices, and shall be posted on the District's website.

Employees who violate the policy and regulations may be subject to disciplinary action up to and including termination. Students who violate this policy and related regulations may be subject to disciplinary measures up to and including expulsion. ACADEMIC FREEDOM POLICY

Board Policy 4030 ACADEMIC FREEDOM

The Board of Trustees of Glendale Community College affirms that institutions of higher education are conducted for the common good and not to further the interest of either the individual faculty member or the institution as a whole. The common good depends upon the free search for truth and its exposition.

Academic freedom is essential to these purposes and applies to all disciplines. Freedom in research is fundamental to the advancement of truth. Academic freedom in all disciplines is fundamental for the protection of the rights of the faculty and the student. It carries with it duties correlative with rights, regardless of employment status.

Academic freedom is essential for the maintenance of excellence in education, and moreover, exists so that society may have benefits of objective and independent criticism, and honest answers to scientific, social, and artistic questions that might otherwise be withheld for fear of offending any influential social group or transient social attitude. Accordingly, there shall be no adverse consequences to employment status (hiring, promotion, and retention) as a result of expressions protected by academic freedom.

Academic Freedom

Faculty members are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

Faculty are entitled to freedom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter which has no relation to their subject. College faculty are members of a learned profession, and officers of an educational institution. When they communicate as individuals, they should be free from institutional censorship or discipline, but

their special position in the community imposes special obligations. As scholars and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence, they should at all times be accurate, should exercise appropriate restraint, should show respect for the Glendale Community College District, opinions of others, and should make every effort to indicate that they are not speaking for the institution.

Faculty are entitled to due process, where applicable under the provision of the Guild contract, and where applicable under the Employee Complaints procedure as conducted under the provisions of Board Policy 7216.

Tenure is a means to certain ends: specifically (1) freedom of teaching and research of extramural activities, and (2) a sufficient degree of economic security to make the profession attractive to highly qualified individuals. Freedom and economic security, hence tenure, are indispensable to the success of an institution in fulfilling its obligations to its students and to society.

Academic Responsibility

Membership in the academic community imposes on students, faculty members, and administrators an obligation to respect the dignity of others, to acknowledge their right to express differing opinions, and to foster and defend intellectual honesty, in instruction and counseling, and expression on and off campus. In addition, faculty are responsible for but not limited to policies and procedures defined in board policy, administrative regulations, and the employment contract between the district and the Guild.

Students are entitled to an atmosphere conducive to learning and to even-handed treatment in all aspects of the faculty-students relationship.

STUDENT GRIEVANCE POLICY

Student Grievance Procedures

Glendale Community College is committed to providing a prompt and equitable means of resolving student complaints against actions taken by the college and its employees. Students may elect to pursue a grievance if they believe a college decision or action has adversely affected their status, rights, or privileges as students.

What can a student grieve?

Students may file grievances against actions by GCC employees in areas including, but not limited to the following: the exercise of rights of free expression; violation of published GCC rules, Board policies, and administrative regulations; and final grade assignments and other academic decisions.

Non-Grade Complaints

A student may address a complaint about an action taken by a college employee that does not involve course grades through the grievance process. Informal meetings and discussions between persons directly involved in a non-grade grievance are essential and encouraged at all stages of the dispute. If the grievance cannot be resolved directly with the involved employee, the student may request a meeting with the appropriate administrator/manager or division chairperson who shall attempt to resolve the issue informally.

If no informal resolution is reached with the administrator/manager or division chairperson that is satisfactory to the student, the student may submit a written complaint and request for a conference with the appropriate senior GCC administrator as follows:

- Instructional Services employees: Vice President, Instructional Services or designee
- Student Services employees: Vice President, Student Services or designee
- Administrative Services employees: Vice President, Administrative Services or designee
- College administrators: Superintendent/President or designee

The senior administrator or designee shall attempt to settle the grievance through mediation, negotiated agreement, or another mutually acceptable resolution. Final outcomes or resolutions will be communicated to the involved parties after the conclusion of the grievance process.

Grade Appeals

The grade appeals procedure provides a means of resolving a student's dispute of an academic decision or final grade for a course. Students are entitled to an informal review and explanation of their grades by instructors who are obligated to provide such a review. However, students may only appeal a

grade if they are prepared to carry the burden of proving one or more of the following conditions as specified by law:

- A mistake in the assignment of the grade or in the process of its recording
- Fraud
- Bad faith
- Incompetence

A student must file a grade appeal with the instructor within the next regular semester (as specified in the applicable class schedule) following the award of the original grade. The student is expected to make a reasonable effort to resolve the matter on an informal basis with the instructor. If the grade appeal cannot be settled informally then the student may request a meeting with the appropriate division chairperson who will attempt to resolve the grievance.

If the division chairperson cannot resolve the grade appeal then the student may request a conference with the appropriate dean. The dean will attempt to resolve the grade appeal through compromise, negotiated settlement, or a recommendation that is satisfactory to the student and instructor. If the dean is unable to resolve the complaint and the student wishes to continue the grade appeal process, the student may submit a written request for a formal grade appeal hearing to the Campus Judicial Board.

The Campus Judicial Board will conduct a closed hearing and based on the examination of supporting documents and testimony may take the following actions: 1) accept the formal grade appeal and recommend an administrative grade change; 2) reject the formal grade appeal; and 3) make related recommendations as appropriate. The Campus Judicial Board will issue a written decision that determines if the student established a rationale for a grade change according to applicable laws and includes recommendations for the relief, if any, that should be afforded to the student. These findings are then submitted to the Superintendent/President for a final review.

After reviewing the report of findings and recommended actions from the Campus Judicial Board, the Superintendent/President will issue a written decision to the involved parties. The Superintendent/President's decision shall be final and binding in all formal grade appeal hearings.

BEHIND THE GLENDALE COMMUNITY COLLEGE LOGO

A new logo. The same commitment.

In recent months, you may have noticed a new logo for Glendale Community College. Although it's a new design, it represents the same commitment here at GCC. The logo expresses the foundations and values of GCC with a bridge serving as the centerpiece. The bridge has a strong connection to the college both physically and metaphorically. The majority of students use a bridge to access either the upper or lower Verdugo Campus, while at the Garfield Campus, a bridge links the campus' two largest buildings. Physically, bridges are all around us at GCC. Symbolically, the bridge reminds us of the college's purpose. GCC strives to be the region's premier learning community. The logo embodies the faculty and staff's commitment to helping students "bridge" the gap between students' dreams and their educational goals. Our learning and professional pathways are themselves bridges to success. GCC: the bridge to your future. Explore this class schedule and choose where the bridge will take you.
