I. Announcements

II. Ongoing Business

eLumen Update. eLumen is up and running. CORs are being submitted and going through the approval process. We hope to go through the regular cyclical cycle in the spring. C&I reps who have been working on their course outlines shared tips and suggestions. Nancy and Francien stayed after the meeting to answer questions and address issues.

The role of C&I in promoting DEIA at GCC. The second workshop on choosing textbooks/materials with an equity lens, which was originally scheduled for fall, has been postponed to spring. Please let Francien know if you would like to co-host a workshop in the Spring.

Tiffany Ingle, the Faculty Coordinator for Guided Pathways, approached Francien and Alexandra about a Curriculum Intensive for summer 2023. The three-day workshop aims to update curriculum content from a DEIA perspective, putting ideas into action to create a more equitable, inclusive, and anti-racist campus for our students.

III. New Business

Articulation (Bershad). The courses under Curriculum Action Items in the Agenda) have been submitted. We expect GE approval in the spring.
