

Decorate Your Door for Women's History Month

Celebrating Women Who Tell Our Stories

Glendale Community College encourages staff, faculty and students to decorate their door with the stories of women who have made an impact. The goal is to have the door reflect the theme "Celebrating women who tell our stories". GCC will create passports to introduce these women, hopefully inspiring meaningful conversations in the hallways.

A special panel of judges will award winners for the following categories:

- A) **Trailblazers in their field**—this recognizes women who made significant impact on their field and/or opened up opportunities in a discipline you love.
- B) **Personal Heroine**—this recognizes the women in your own personal life who dramatically or positively impacted your life
- C) **Giving Voice to the Unknown**—this recognizes women often forgotten about or marginalized in our dominant socio-political narratives

Prizes will be awarded March 30th.

CPGU and FLEX eligible for employees (1 hour)
