Board Policy

Standards of Student Conduct

The Superintendent/President shall establish procedures for the imposition of student disciplinary action in accordance with the requirements for due process under federal and State laws and regulations.

The procedures shall clearly define the conduct that is subject to discipline, and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student.

The Board of Trustees is authorized to expel a student for good cause upon recommendation by the Superintendent/President. The Board shall consider an expulsion recommendation in closed session unless the student requests that the matter be considered in a public meeting. Final action by the Board on the expulsion shall be taken during a public meeting.

The procedures shall be made widely available to students through the college catalog and other means.
