XVII. Reports of Advisors

Gerardo Zarate

- **Educational Initiative reminder:** I'm excited about your ideas for your education initiative. Please complete the activity request at least **two weeks** in advance. If I don't get the activity request, it will not be counted as an educational initiative (I will talk with Tzoler about this). I want to be fair with everyone, especially those following the steps.
- **Event Promotion:** If you are hosting an event, you are also in charge of promoting. The Relations Committee is doing well, but you should also help promote your events. This is a team effort, so work together.
- **Upcoming events:** Latinx Heritage Fiesta; please share the flyer with your senators and encourage them to participate. We are collaborating with two student organizations on campus. So please show up to support.
- **Executive Committee Training:** I would like to do a follow-up training with all the executives again, so I aim to do this on a Friday afternoon. If Fridays don't work, give me two other days that might work for everyone.
- I would like to say thank you to all who helped clean our storage room/workroom. It looks a lot better, so thank you so much.
