XVII. Reports of Advisors

Dr. Tzoler Oukayan

- The 7-9 am meeting time is a strong concern. If we wish to make this change, it should be made in the By-Laws before elections begin. We would try the new time for one year and weigh the pros and cons.
- Compensation for students on governance committees is something AS should consider. Many colleges are heading in this direction. What needs to be discussed is if we have the budget to proceed with this idea, as well as the rates of these stipends.
- There are changes that can be made to the Constitution such as the times that Activities and Organizations Senators need to be available. Drafting these changes should occur earlier in the semester.

Andre Manukyan

- Offering help on private school essays.

XVIII. Announcements/Information

Tommy Nuño

- The 2024 IDEA Leadership Conference will occur on Saturday, April 27, in-person, starting at 9 AM. We need to form a committee that will begin planning this event. Planning entails condensing the event to fit in an in-person environment, gathering non-AS representatives, and contacting keynote speakers for availability.
- March in March will be a day-long event and we do not plan on staying overnight. We need to gather a group of students to attend, whether they're past AS senators, current ones, or those on the waitlist.

XIX. Adjournment at 9:22 AM
