

## Glendale Community College District **Associate Vice President of Technology & Innovation 2024**

*[Click here for Candidate Forum Feedback Survey](#)*

**Michael Dioquino** is a seasoned IT leader with a robust 13-year tenure within the California Community College System, where he has been instrumental in leading Information Technology teams. His journey in IT governance has traversed three Districts statewide, including Antelope Valley CCD, Santa Clarita CCD, and Peralta CCD. Michael's leadership has been pivotal in overseeing the diverse functional teams within IT, encompassing Helpdesk, Audio-Visual, Networking, Information Security, and Infrastructure. This comprehensive expertise has been the cornerstone of his latest role as the Executive Director of Information Technology at Antelope Valley College. An advocate for higher education, Michael holds a Bachelor of Science in Information Technology and a Master of Business Administration, complemented by industry-standard certifications in Project Management and Information Security.

Beyond his significant contributions within his own District, Michael also has a history of supporting statewide organizations and initiatives. He served on the board of directors for the CCC Chief Information Systems Officer's Association (CISOA), representing the Southern Region for two years. In this capacity, Michael leveraged his vast experience to foster engagement and cultivate strategic relationships with IT leaders throughout California. While his tenure on the CISOA board has concluded, Michael continues to serve the organization as an appointed member on the Statewide Architecture Committee (SAC), the Library Services Platform Committee (LSP), and the Chancellor's Office Digital Innovations and Infrastructure Accreditation Advisory team. His knowledge and advocacy have been invaluable as the system continues to navigate complex topics surrounding AI, common ERP systems, and Information Security.
