About you

Statement of Legal Residence

* required

The University of California requires all applicants to complete a Statement of Legal Residence (SLR) to be evaluated for a Residency Classification for purposes of UC tuition. For further explanation, read the full UC Residence Policy and Guidelines . As UC policy is subject to change during the year, if there are any discrepancies between any Statement of Legal Residence and the Residence Policy and Guidelines, the Residence Policy and Guidelines govern the rules around Residence for Tuition purposes at all times.

The University of California's Statement of Legal Residence is made up of three parts: Physical presence, Intent to remain in California, and Immigration status.

1) Physical Presence - You and your parents must be physically present in California for more than 365 days immediately prior to the residence determination date. If you moved to California primarily to attend the University of California or another school, you are ineligible for a Resident classification for tuition purposes.

2) Intent to remain in California - You and your parents must have established your intent to make California your permanent home for more than 365 days immediately prior to the residence determination date and must have relinquished ties to any prior place of residence outside of California. Please read the UC Residence Policy and Guidelines to learn more about how to document your intent to remain in California.

3) Immigration status - You and your parents must be citizens or permanent residents of the United States, or be present under a valid I-94 for an eligible visa, and have held that immigration status for more than 365 days prior to the residence determination date.

In some cases, applicants who do not satisfy all three parts above may qualify for a Special Circumstances, Exemption, or Waiver provision (such as an AB 540 nonresident supplemental tuition exemption) and will be asked to submit additional supplemental information at a future date. A full list of exemptions and waivers can be found in the UC Residence Policy and Guidelines .

Please note: Even if you were previously classified as a resident in another system, you will still need to meet the University of California's classification requirements.

Would you like to be evaluated for California residency for tuition purposes? *

○ Yes ○ No

Statement of Legal Residence

Answering "Yes" will bring up additional questions about the your (and your parents' physical presence, if dependent) in CA

Answering "No" will require you to select a reason why you do not want to be evaluated for CA residency

You will also need to acknowledge that by selecting "No" you will be classified as a nonresident for tuition purposes

Statement of Legal Residence

GLENDALE COMMUNITY COLLEGE

Undocumented students should select "Yes" for physical presence in CA, attendance at CA HS, and establishing CA as a permanent home

Select "Unknown" for parents' physical presence and citizenship

Special Circumstances, Nonresident Supplemental Tuition Exemptions, and Tuition Waivers *

There are several exemptions that might allow a non-resident student to still pay California-resident tuition. A full list of exemptions and waivers can be found in the UC Residence Policy and Guidelines .

Check all that apply.

The fee waiver allows you to apply to up to four campuses for free.

Continue to payment *

Application fees are not refundable. Once your application has been submitted, you are expected to pay for all your campus choices, even if you cancel a campus at a later date.

Before proceeding to the payment process, you must agree to the following statement(s):

☐ I understand that I am responsible for paying all appropriate application fees and that my application will not be processed unless I submit the fees, or an approved fee waiver, by the date requested.

☐ I reviewed my application in its entirety, and made all necessary updates and corrections. I understand that I won't be able to change most of the information in my application once I submit it. I am ready to pay and submit.

If you received the fee waiver, select "Yes" to accept it

If you made a mistake on the family income amount, you can correct the information and it will automatically re-calculate

The application fee payment is required and non-refundable

Payment may be submitted by credit card or by mailing a check or fee waiver if you didn't qualify for the UC application fee waiver but meet other criteria
